**Justification:** (state briefly why legislative action is requested)

The Albany County Department of Health has been notified by the New York State Department of Health about the extension of the Childhood Lead Poisoning Primary Prevention Program. This program conducts activities and inspections to prevent lead poisoning in children before they become exposed. Primary and secondary prevention includes public and professional outreach and education; collaboration with local primary care providers for screening, diagnostic evaluation, medical management and educational and environmental interventions. In 2018, 208 home inspections were conducted by certified Lead Risk Assessors, clearing 205 homes. The extended deadline is 9/30/2020. This grant was anticipated in the 2020 budget.
