Re: Grant Extension Request
EPF/HP 51726 Shaker Historic Village | Stabilization & Rehabilitation
25 Meeting House Road
Albany, Albany County
15PR07030

Dear Danielle,

Please except this letter as our request to file for an additional extension of our EPF/HP 51726 Shaker Historic Village | Stabilization & Rehabilitation grant.

With the ongoing effects of the pandemic on the construction industry, this project continues to move slower than anticipated. We are currently in the midst of addressing the hazardous materials abatement. The construction contract has been awarded and construction will commence once the hazardous materials abatement has been completed, weather permitting.

Barring any further industry shutdowns we anticipate completion by mid-summer 2022.

If you have any further questions, please reach out to my assistant Thomas Stover at 518-447-3020 or Thomas.stover@albanycountyny.gov.

Sincerely,

David M. Latina
Commissioner
Albany County Department of General Services
