**Re: County Resolution Supporting NYSDOT Aviation Grant Submission**

Dear Mr. Devane:

The South Albany Airport Corporation has requested state funds through the Aviation Capital Grant Program for the Construction of a New Snow Removal Equipment Storage Building, including construction improvements for the building, associated apron pavement, reconstruction of the access road, and relocation of the existing septic system. As a privately owned airport, we are required to submit a resolution from the governing body of the county in which the airport is located formally endorsing the project. I respectfully request that that the Albany County Legislature adopt such a resolution in support of this project. I have attached a draft resolution for your use.

If you have any questions, or need further information, please feel free to contact me at your convenience. Thank you for your consideration of this request.

Sincerely,

Ted Zabinski, President  
South Albany Airport Corporation
