Summary Description of Project

Installation of security gates at the rear entrances of the MVP Arena to protect soft targets. The back lot of the largest public gathering site within the Capital Region lacks physical security and poses a threat to patrons utilizing the venue. The MVP Arena, in addition to being an event space and NYS DHSES training site, also acts as a mass shelter site in the event of an emergency and a point of dispensation for Albany County's Department of Health.

Specific Questions**Question #1**

Identify the government owned critical infrastructure site, or the government owned mass gathering/special event site.

Answer

MVP Arena

Question #2

Provide a description of the government owned critical infrastructure site, or the government owned mass gathering/special event site and the critical role it has within the community.

Answer

The MVP Arena is a civic center that acts as a mass shelter site, a point of dispensation location for Albany County in the event of medical emergencies, an entertainment venue, a DHSES trainings hosting site, cultural and religious events site, and serves as an emergency evacuation site.

Question #3

Describe the relationship between the selected government owned critical infrastructure site, or the government owned mass gathering/special event site and the local first responder community, including the criteria used for the selection of the partnering agencies.

Answer

The MVP Arena has a strong relationship with both Albany Police Department (APD) and Albany County Sheriff's Office (ACSO). Both departments have worked closely with MVP Arena staff to ensure that the facility is secured and can rely on local law enforcement during times of need. Both agencies and MVP Arena have discussed and highlighted the importance of increasing security at the rear of the MVP Arena. If awarded funding, the gates purchased would greatly increase security at MVP Arena and the safety of local law enforcement helping at the facility.

Question #4

Explain in detail how this site was selected and prioritized over other sites. In considering other sites, explain why the site being requested was specifically selected and discuss the other sites that were considered.

Answer

MVP Arena is the largest public gathering site in the capital region, hosting up to 18,000 people at a time, and receives guests from all over the state. The rear of the MVP Arena lacks physical security and is therefore easily accessible to a multitude of threats, all of which could bring harm to patrons and destruction to supplies and infrastructure. The MVP Arena, in addition to being an event space and NYS DHSES training site, also acts as a mass shelter site in the event of an emergency and a point of dispensation for Albany County's Department of Health. It is critical that the MVP Arena be a safe space to continue hosting significant events and be maintainable as a useable venue during an emergency. The lack of physical security and the nature of this site make it the most obvious choice to receive this funding.

Question #5

The application must be coordinated with at least two (2) agencies with prevention and/or protection responsibilities at the selected site. These must be law enforcement, fire department, emergency management or public works agencies. Describe in detail the coordination efforts between agencies and how these efforts were undertaken, including, but not limited to, describing joint training and/or exercises done at the potential site, if applicable.

Answer

Albany County Executive's Office (CEO), Albany County Department of Public Works (DPW), City of Albany Police Department (APD), and the MVP Arena have all discussed and highlighted the importance of increasing security at the rear of the MVP Arena via gates and fences. APD's response time to the MVP Arena is immediate, approximately 3 minutes with a substation less than half a mile from the MVP Arena. APD currently provides security to the MVP Arena for large scale events, with the assistance of MVP Arena who provide physical crowd control barriers such as wooden saw horses or metal interlocking barricades. These physical barriers are however, very limited in their security and leave the MVP Arena extremely vulnerable to a vehicular attack or individuals accessing the rear of the MVP Arena through force or stealth. APD also conducts risk assessments for critical infrastructure in its jurisdiction, to include the MVP Arena. For a previous DHSES Critical Infrastructure grant, DPW provided oversight of construction and installation of crash rated bollards in addition to providing minor construction services related to the installation. DPW would take a similar role for this project as well.

Question #6

Summarize how the application meets the overall goals and objectives of the FY2020 Critical Infrastructure Grant Program as well as establishing the need for this grant funding.

Answer

The MVP Arena is a government owned mass gathering/special event site. As the largest in the Capital Region, it is essential that it is protected from potential threats. The three mission areas supported by this program: prevention, protection, and mitigation, are all met with this application. The installation of gates at the rear of the MVP Arena can help prevent, protect, and mitigate against potential threats that could result in the harm of up to 18,000 people. The lack of physical security at the rear of MVP Arena leaves the facility vulnerable to a wide range of potential attacks/threats. If awarded funding from the FY2021 Critical Infrastructure Grant Program, the gates purchased would reduce these risks considerably.

Question #7

If the application is successful, please describe how the projects implemented will be maintained and sustained at the critical infrastructure location.

Answer

If funding is awarded, the gates will be installed and maintained by Albany County Department of Public Works (DPW) with assistance from MVP Arena staff. Due to the nature of the project, maintenance and sustainability are not laborious or financially burdensome. The gates will be used frequently and maintained on a regular basis.

Question #8

Given the time constraints for spending down grant funds, please explain how the project will be implemented by August 31, 2023.

Answer

If funding is awarded, the installation of the gates can begin immediately after a contract is executed between the County and DHSES. Because these expenses are "one-time" there are no concerns with being held up by earlier steps/purchases in this process.

Question #9

Is the Risk Assessment and Capability Evaluation attached to your project in E-Grants?

Answer

Yes

General U.S. DOT Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age of Discrimination Act of 1975, and §405 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Unless otherwise authorized, the HMEP grant program payment is under the reimbursement method. Recipients must comply with all provisions located 2 CFR §200.305 reflecting payment of grant funds from a Federal agency. The Recipient must maintain financial management systems that meet the standards for fund control and accountability as established in 2 CFR § 200.302.

Payments for allowable costs to Recipients may be withheld during the period of performance if:

(b) The Recipient is delinquent in a debt to the United States as defined in OMB Guidance A-129, "Policies for Federal Credit Programs and Non-Tax Receivables."

While separate depository accounts for grant funds are not required, the Recipient must be able to account for the receipt, obligation and expenditure of funds. Advance payments of Federal funds must be deposited and maintained in insured accounts whenever possible.

(c) The Recipient is delinquent in submitting required reports or responding to findings and corrective actions listed during the course of monitoring activities.

2. The Recipient will insert the following notification in all solicitations for bids, Requests for Proposals for work, or material subject to the Acts and the Regulations made in connection with all Hazardous Materials Emergency Preparedness Grant Program and, in adapted from, in all proposals for negotiated agreements regardless of funding source:

"The [Entity Name], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 USC §§2000d to 2000d-4) and the Regulations, hereby notified all bidders that it will affirmatively ensure that with respect to any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color or national origin in consideration for an award."

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United State effecting or recording a transfer of real property, structures, use or improvements thereon or interest therein to a Recipient.

5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permit or similar instruments entered into by the Recipient with other parties:

- a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
- b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee

for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
- b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipient, subrecipients, subgrantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all required imposed or pursuant to the Acts, the Regulations and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under these Acts, the Regulations, and this Assurance.

11. The Recipient understand that per 49 U.S.C §5116(e), the Recipient must provide 20 percent of the allowable direct and indirect planning and training costs of activities covered under this award from non-Federal sources. Recipients may either use cash (hard match), in-kind (soft-match) contributions, or a combination of both to meet this requirement. The types of contributions allowed are listed in 49 CFR §110.60. Matching costs and contributions also must meet the requirements of 2 CFR §200.306, including that the costs must meet the same requirements of allowability as apply to HMEP funds. Recipients are required to maintain documentation of how the matching requirements have been met. This documentation will be reviewed during PHMSA's regular monitoring schedule of grants. A lack of documentation for the statutory requirements may result in the Recipient being designated high risk, placed on a corrective action plan, or the recovery of disallowed costs. Federal funds may be expended before non-Federal matching funds, provided that total program costs at completion of the program year reflect the 80 percent Federal/20 percent non-Federal allocation of costs. The matching requirement is in addition to the maintenance of effort required of Recipients of HMEP awards under 49 U.S.C. §5116(a)(2)(A) and (b)(2)(A) and 49 CFR §110.30(b) (2) and (c)(2).

12. In accordance with Executive Order 13043, the Recipient is encouraged to adopt on-the-job seat belt use policies and programs for its employees when operating government-owned, company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this presidential initiative. For information on how to implement such a program or for statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle up America section on NHTSA's website at www.nhtsa.dot.gov. NETS is prepared to help with technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 85 percent seat belt use. NETS can be contacted at 1-888-221-0045 or visit its website at www.trafficsafety.org.

13. In accordance with Executive Order, 13513, recipients, subrecipients, and their contractors are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving personally-owned vehicles when on official Government business or when performing any work for or on behalf of the Federal Government.

14. Under the Paperwork Reduction Act (PRA), if a Recipient collects the same information from 10 or more respondents as part of carrying out this award, the Recipient is prohibited from representing to its respondents that information is being collected for, or in association with, the Federal government unless the Recipient is conducting the collection of information at the specific request of the agency; or the terms and conditions of the grant require specific approval by the agency of the collection of information or collection procedures. In those cases, the OMB PRA clearance procedures contained in 5 CFR part 1320 must be followed. However, nothing in this award requires Recipients to collect information on PHMSA's behalf or to obtain PHMSA approval of any information collection a Recipient might deem necessary under this award.
