

**The Department for Children, Youth and Families  
Justification for Contract Authorization with LaSalle School  
for the Provision of Juvenile Justice Prevention Services**

The Department for Children, Youth and Families respectfully requests legislative authorization to enter into a contractual agreement with LaSalle School—Juvenile Reporting Center for the provision of Juvenile Justice Prevention Services. The requested contract term is for January 1, 2022 – December 31, 2022 for the amount of \$472,675. The contract has an option for two (2) additional one (1) year renewals. The total prevention contract amount for LaSalle School is \$472,675.

The Department, in collaboration with the Department of Probation, issued a Request for Proposals for Prevention Services—*RFP-2021-068-- PREVENTION SERVICES* on May 13, 2021 with responses due June 25, 2021. Prevention programming focuses on either preventing children from entering foster care, detention or shortening their stay if placed in either. Children enter care either as a result of abuse, neglect and/or Juvenile Justice involvement.

The Department recognizes the importance and necessity for the development of effective collaborations in order to meet the complex needs of families and children within the shrinking fiscal resources. As such, the RFP issued promoted innovative, creative approaches to meet the needs of children and families and allowed much flexibility for agencies to propose how to most effectively do so. It does require a formal collaborative, whereas the prevention service has a reciprocal relationship with either a Youth Bureau funded, and/or community agency for the children and their families to have diverse, holistic programming of formalized and recreational/community based services. It also requires that all children in the family that are five (5) years and older, must be engaged in at least one consistent recreational or community support activity. The parent/guardians must also be engaged with a community support activity. The idea is that these supports will remain in place for the family when the formal services have ended.

Youth enter the Juvenile Justice system either due to criminal behavior (Juvenile Delinquency) or due to truant, incorrigible, and/or disruptive behaviors beyond parental control (Person in Need of Supervision). Albany County believes that structured services alone are not sufficient and there is a necessary need to expand services to include youth engagement to determine what interests the youth and to be able to connect them through community services, employment and skill training, and recreational connections. Albany County sought a continuum of Juvenile Justice preventive services designed as an alternative to detention and foster care to reduce the utilization of detention services, increase delinquency prevention and decrease youth arrests. This will ultimately prevent youth from entering foster care, expedite permanency for youth in foster care, and reduce recidivism.

Juvenile Justice Prevention Services include face to face contact with the family at a minimum once (1) per week, for a minimum of one (1) hour. Such contact must occur at least twice (2) monthly in the family residence. Such services occur in a variety of locations but the family need dictates this. As the families' designated case planning agency, the provider will be responsible for service coordination amongst any other agencies involved.

LaSalle's Juvenile Reporting and Family Center (JRFC) is a collaborative effort between the LaSalle School, Saint Anne Institute, and St. Catherine's Center for Children to provide a cost effective alternative to detention for youths age 9 – 17 within Albany County and connect youths and their families with holistic services through the program's Service Partners to address the risk factors and provide protective factors to referred youths and their families in a safe and neutral location. This collateral programming will be tailored to each family, provide custom designed discharge planning to foster meaningful connections to their community and natural supports, and may include, but is not limited to: substance abuse treatment, mediation services, mentoring, employment planning, recreation, school based organizations and parental empowerment. The JRFC and their service partners share the vision of providing services and supports which will positively impact the youth and families involved with the Juvenile Justice System and reduce recidivism.
