Justification: (state briefly why legislative action is requested)

Acceptance of an engineering planning grant from EFC for the purpose of funding a portion of an engineering study for the District's Sludge Processing Improvements Project. Grant amount is up to \$50,000 from EFC with the District being required to contribute 20% of the grant amount or \$10,000. Project to include the engineering study, design and construction of improvements to the District's existing sludge processing systems. The initial engineering study will evaluate improvements to the existing sludge processes required to comply with an active NYSDEC Order on Consent. The study will evaluate the option of consolidating both South Plant and North Plant sludge operations to the North Plant. Additionally it will evaluate the feasibility of a new Fats/Oils/Grease (FOG) receiving station at the North Plant.
