Hi Patrick

I checked Tyler's Sourcwell contract and they do have the required Federal contract clauses needed to comply with ARPA.

As long as they don't have any exclusions on SAM.gov then I would say we are compliant.

Patrick,

Attached is the Environmental Health quote, and I have applied the Sourcewell discount and listed our Tyler Sourcewell number. I did also request the sole source letter as requested by the Health Department but have not received from my legal team. Based on our conversation yesterday, do you still want me to provide it with the quote?

Jennifer
