Resolution/Law Number: Click or tap here to enter text.
Date of Adoption: Click or tap here to enter text.

Justification: (state briefly why legislative action is requested)

The existing video scoreboard and LED ribbon board systems are now 11 years old and the systems are outdated and failing in operation during games presented at the MVP Arena. The scorers tables and the overall scoring system that feeds the scores for teams, time clock and fouls etc. to the board for display for fans is not working properly. The NCAA requires fully functioning video scoreboards with scoring systems and time clocks that are accurate and operating correctly. With the NCAA Men's Basketball coming back to Albany in March of 2023 it is imperative that we replace these systems prior to the start of the 2022-2023 Siena Basketball Season as well as the start of the NLL Albany FireWolves 2022-2023 Season which starts in December of 2022. The proposed procurement is through Sourcewell contract # 050819 and a concurrence letter from the Albany County Division of Purchasing is attached.
