MEMORANDUM

TO: Lisa Ramundo, Commissioner of Public Works
CC: William Anslow, Highway Engineering
FROM: Laura DeGaetano, Sr. Natural Resource Planner
DATE: February 6, 2023
RE: Improvement and Acquisition of Albany County Recreational Facilities
SUBJECT: SEQR compliance for 2023 DPW Project –Lawson Lake Upper Camp Improvement

I have reviewed the documentation provided for the referenced project as it relates to State Environmental Quality Review (SEQR). This project includes the design of improvements at the upper camp at Lawson Lake County Park, which may include upgrades to the electrical system, plumbing, drinking water supply and wastewater removal systems.

As described above, the design activities associated with this project meet the criteria established for SEQR Type II actions pursuant to 6 NYCRR 617.5(c)(24)(27). Accordingly, this action has been determined not to have a significant impact on the environment, and as such, no procedural compliance with SEQR beyond this determination is required at this time.

It is important to note that the construction phase of this project must be reviewed separately under SEQR once the design alternative is chosen.

Should you have any questions or require additional information, please feel free to call me at your convenience.
