Subject: Albany County Closing the Gap with Social Determinants of Health Accelerator Plans

Mayor Sheehan and Ms. Higgins,

Good afternoon!

It was a pleasure for us to meet with you last week to review and discuss the *Albany County Closing the Gap with Social Determinants of Health Accelerator Plans* initiative:

Attached please find electronic versions of:

- *Albany County Closing the Gap with Social Determinants of Health (SDOH) Accelerator Plans*, City of Albany Briefing Agenda (February 28, 2023);
- *Albany County Closing the Gap with Social Determinants of Health (SDOH) Accelerator Plans*, City of Albany Briefing presentation (February 28, 2023); and
- *Albany County Closing the Gap with Social Determinants of Health (SDOH) Accelerator Plans* Leadership Team 2023 Meeting Schedule.

Per our conversation, we look forward to the City of Albany:

- Nominating City of Albany residents to participate on the *Albany County Closing the Gap with SDOH Accelerator Plans* Leadership Team; and
- Considering participation of City of Albany staff on the Albany County Closing the Gap with SDOH Accelerator Plans Leadership Team.

For your information, please note:

- The Albany County Department of Health intends to April 29, 2023 PEF Community Wellness Fair
- Specific objectives of the Albany County Department of Health pedestrian safety education grant are to conduct “Street Team Outreach” along Route 5/Central Avenue corridor and intersections near schools; provide community outreach and education at public and social gathering sites; provide motor vehicle and traffic safety education to children; and increase public awareness and promote pedestrian safety.

We appreciate our partnership with the City of Albany to promote community health and look forward to collaborating in establishing an impactful Social Determinants of Health Accelerator Plan.

Kindest regards,

Shelleisha Salmon-Gordon, MPH
