Previous requests for Identical or Similar Action:

Resolution/Law Number: Resolution No 368 for 2019
Date of Adoption: 9/9/2019

Justification: (state briefly why legislative action is requested)

The Department of General Services respectfully requests legislative authorization to accept grant funding from the New York State Energy Research and Development Authority (NYSERDA) regarding the Clean Energy Communities grant program. The County was awarded a \$250,000 Clean Energy Communities Grant in August of 2017 for becoming the first Clean Energy Community in the Capital District. NYSERDA has made \$30,000 in additional funding available to Clean Energy Communities and we are seeking to take advantage of this funding.

The County used its initial Clean Energy Communities grant to purchase four electric vehicles for the County fleet and eight EV charging stations for public and fleet use. The electric vehicles have been successfully integrated into County operations and we are seeking to apply to use the additional grant funding to purchase an additional electric vehicle.
