Date of Adoption: Click or tap here to enter text.

Justification: (state briefly why legislative action is requested)

The FAA has contacted the County and Airport Authority with the need to undertake some vegetation removal and tree trimming in the area immediately adjacent to the existing radar tower installation near the County Airport. It has been 30 years since tree control trimming was completed and there is a need to undertake this again to prevent further encroachment and possible interference by the vegetation surrounding the tower. We will achieve the necessary permissions through the execution of a license agreement with the involved parties to allow the necessary vegetation control to occur.
