COUNTY OF ALBANY

RFB 2025-001

**Hauling & Placing Asphalt Concrete on Various County Roads
Highway Improvement Project
ADDENDUM # 2**

The following information is provided as a result of a question(s) posed by vendor(s):

ITEM #1: Reference is made to Note 9 on Plan Sheet 1 regarding the millings generated under Item 490.10. As described, they remain the property of Albany County. Please clarify the phrase “all responsibilities for removal and storage shall be met accordingly”. Presuming the contractor is responsible for the trucking? If so, please provide addresses for the location or locations that the millings are to be hauled to. Who is responsible for providing labor and equipment for stockpiling at the disposal site(s)? Contractor or County?

Response #1 Albany County will supply all **trucking** required to **haul** the millings off site and **transport/maintain the stockpile** at a location chosen by the **County**.

ITEM #2 Does the department have specified locations where the contractor is supposed to deliver the millings? Where will the millings be delivered for projects 2,3,4,5,6,7? Where will they be delivered to for project 8 and same for projects 10,11,12,13 &14?

Response #2 Albany County will supply all **trucking** required to **haul** the millings off site and **transport/maintain the stockpile** at a location chosen by the **County**.

ITEM #3 Also, the M/WBE goals seem excessive for the limited scope of work on this project?
7% M and 5% W
Would the County consider lowering or eliminating altogether the goals for this project?
There are no milling or striping contractors in the area.
One electrical contractor, but very little electrical work on this project.
Only a few trucking firms that have dump trucks and they have very limited capacities.

Response #3 WMBE goals listed cannot be lowered as this is the County's policy however the paperwork contains options if unable or difficulty in meeting the goal.
