Justification: (state briefly why legislative action is requested)

The County Executive's Office is seeking approval from the Legislature to enter into a two year agreement with the New York Power Authority for routine and non-routine maintenance of the County's streetlights. The routine maintenance consists of replacing and/or repairing defective components of the street lighting system in order to keep them fully operational. Non-routine maintenance includes repairs that go above and beyond the routine repairs and requires customer approval before work is completed. The attached sample agreement provides a further description of these maintenance categories.

The County will be charged a maximum of 3,041.70 per year for routine maintenance and will be billed for non-routine maintenance on an as-needed basis at an amount not to exceed 8,504.65 per year.
