LISA M. RAMUNDO  
COMMISSIONER

SCOTT D. DUNCAN  
DEPUTY COMMISSIONER

October 1, 2024

Hon. Joanne Cunningham, Chairwoman  
Albany County Legislature  
112 State Street, Rm. 710  
Albany, NY 12207

Dear Chairwoman Cunningham:

The Albany County Department of Public Works is requesting authorization to sell Recycled Asphalt Product (RAP), to any and all buyers at market value rate. Each year DPW recycles approximately 28,000 tons of millings during our annual Hauling and Placing highway maintenance project. DPW processes the raw millings to produce RAP, which we use for shoulder backup and backfill. We aim to generate revenue by selling surplus RAP at market price. The current fair market value for RAP ranges from eight dollars to twelve dollars (\$8.00 to \$12.00) per ton. We determined the fair market value based on discussions with a neighboring municipality who sells millings and research into national average costs. Market price will be re-evaluated on a yearly basis.

Revenue from sale of RAP will be added to line D5110.02650, Sale of Scrap Excess Materials.

If there are any questions or further information is needed, please feel free to contact my office.

Sincerely,

Lisa M. Ramundo  
Commissioner
