**Re: Albany County Airport Authority
Agreement for Propylene Glycol Treatment**

Dear Chairwoman Cunningham:

The Water Purification District (District) is requesting authorization to enter into an agreement with the Albany County Airport Authority (Airport). This agreement will provide the Airport reserve capacity at the District's North Plant as an emergency backup to the Airport's onsite propylene glycol wastewater system. The requested agreement term is for five (5) years with an annual reserve capacity fee of \$5,000 per year. Additionally, the agreement would identify a fee schedule for any propylene glycol wastewater discharged to the District.

Should you have any questions, please contact me at 518-447-1617.

Sincerely,

Angelo Gaudio, P.E.
Executive Director
