Justification: (state briefly why legislative action is requested)

The Department of Public Works is requesting the Legislature’s approval to enter into the New York State Standardized Contract with Niagara Mohawk Power Corporation d/b/a for Interconnection of Utility Systems to install solar panels. The County is installing solar panels on the new Knox highway garage located at 1296 Township Road, Knox, NY 12107. This agreement speaks to the conditions under which National Grid and Albany County agree that the solar panels may be interconnected to and operated in parallel with National Grid’s distribution system. The attached agreement outlines the work to be performed by National Grid. This agreement allows DPW to work with National Grid on the interconnect process. The authorization form allows National Grid to work with the solar panel installer.
