Resolution/Law Number: Click or tap here to enter text.

Date of Adoption: Click or tap here to enter text.

Justification: (state briefly why legislative action is requested)

This work is being completed because the mechanical mechanism internal to the existing switch failed causing the switch to no longer be able to transfer power to the backup power feed for the Return Sludge Building. The sludge pumping operations are critical to the overall treatment plant process and ensuring adequate redundancy is necessary to guarantee permit compliance.
