**DESCRIPTION OF REQUEST:** (state briefly why legislative action is requested)

The existing curtains were installed in 1993 and have been maintained and operational since. The curtain motors, wires and material are starting the age and have needed more significant repair. Safety lines need to be added to the truss so lifts will not be needed to access the curtain area for repairs and other needs. This project is within the current Capital Plan - Upper Level Curtain Replacement - C2501.
