MEMORANDUM

TO: David Latina, Commissioner, Department of General Services
CC:
FROM: Laura DeGaetano, Sr. Natural Resource Planner
DATE: June 25, 2024
RE: MVP Arena Concrete and Railing Repair
SUBJECT: SEQR compliance

I have reviewed the documentation you provided describing the referenced project as it relates to State Environmental Quality Review (SEQR). As I understand it, the project includes repair of exterior concrete stairs, ramp, columns, replacement of railings, replacement of guardrails with vehicle barriers along Beaver street, and replacement of steel bearing plates for precast concrete panels at the bridge.

As described above, the proposed project meets the criteria established for SEQR Type II actions pursuant to 6 NYCRR 617.5(c) subdivisions (1). Accordingly, this action has been determined not to have a significant impact on the environment, and as such, no procedural compliance with SEQR beyond this determination is required.

Should you have any questions or require additional information, please feel free to call me at your convenience.
