Justification: (state briefly why legislative action is requested)

The County Executive's Office is requesting that the Legislature, pursuant to Local Law No.2 of 1998, declare a .043 acre section of vacant land on the southeast section of the Water Purification District's South Plant located at 209 Church Street in the City of Albany "no longer necessary for public use". Additionally, authorization is requested to convey the abovementioned section of property to the Albany Port District Commission (APDC) for the amount of \$8,000. An appraisal was conducted and the market value of the .043 acre section of property was determined to be \$7,000.

As is indicated in the attached letter from the Port District, conveyance of this sliver of land is an important piece of a larger economic development project whereby the APDC will invest \$400,000 to realign a portion of the railroad tracks that enter the Port of Albany, allowing for the Port to receive additional shipments of oversized cargos.
