Hon Dennis Feeney  
Majority Leader, Albany County Legislature  
112 State Street  
Albany, NY 12207

Dear Majority Leader Feeney,

I am writing to express my interest in an upcoming vacant position on the board of the Albany County Airport Authority. My background is a fit for this board at a time when Albany County, with your leadership in the Legislature, is working to expand economic opportunities and job growth.

My most recent work has centered around expanding the startup economy in the Capital Region. I have worked with a number of emerging sectors and companies who are particularly interested in the future of our airport and the strategic direction. New economy companies are eager to ensure our airport is competitively positioned with expanded options for a variety of travelers.

My work in Washington and State Capital, and with Gramercy, will also benefit the Authority. I understand the vagaries of the federal and state government as they seek to prioritize certain industries and projects. I've had the honor to be involved at the airport a few times in my career. I served on former Congressman McNulty's staff at a time when federal funding jumpstarted major change and improvement at the airport. And most recently had been involved in efforts to expand marketing and digital advertising to new consumer audiences. Lastly, and relevantly on a local level I previously served for over three years as a member of the Town of Colonie Planning Board. I have a broad understanding of the planning and development around the airport and around the Town.

For your consideration, I have attached my full bio, and remain available to answer any questions.

It would be honor for me to serve in this important position. I would welcome this opportunity and would serve the Legislature and the residents of the County well.

With great appreciation, I am

Sincerely,  
/s  
Tom Nardacci.
