<u>Justification</u>: (state briefly why legislative action is requested)

Authorization is requested to enter into an agreement with Nanonation to provide the ability for clients and applicants to self-scan required documents through walk-in service at multiple locations throughout Albany County and to also apply directly for SNAP benefits on-line through myBenefits.gov.

Via RFP 2019-100R this Provider was the only respondent, has been vetted by DSS as being qualified to perform the serviced outlined in the RFP and will supply 4 Kiosks with two to be installed at DSS and two at other community based locations within Albany County.

The kiosks will have the ability to interface with other County and New York State information systems and software applications which provides local social service districts with real-time access to documents through a single user interface. The documents are scanned and indexed and can be shared across the entitlement program areas. This will allow for more streamlined access to SNAP benefits as well as a more efficient client service program.

Authorization is also requested to appropriate \$102,893 to fund implementation of the kiosks as more particularly detailed in attachment A of ADM 18-LCM-09 SNAP Bonus Award Allocation. Additionally, funds will be encumbered from 2019 to offset the cost of this project.
