Date of Adoption: Click or tap here to enter text.

Justification: (state briefly why legislative action is requested)

DPW plans to undertake a project to remove an existing metal storage structure at the Rensselaerville subdivision and replace it with a 60' x 60' metal structure. The new structure will be located on previously disturbed land within the subdivision property. This project will be funded with existing CHIPS money.

The project meets the criteria established for SEQR Unlisted Actions. Accordingly, a Short Environmental Assessment Form (see attached) has been completed. This action has been determined not to have a significant impact on the environment. To complete the SEQR process, the Albany County Legislature must adopt the Determination of Significance.
