Re: Various Grant Applications

Dear Mr. Joyce

The Albany County Water Purification District (District) is requesting approval to pursue various grants through New York State's Consolidated Funding Application (CFA) program. These grants will include the Green Innovation Grant Program, the Industrial Carbon Challenge Grant and the Water Quality Improvement Project grant.

These grants will be targeted for the various capital improvement projects that have been previously approved by the Legislature and will be used to offset future debt service costs associated with those projects.

If you have any questions or concerns you may reach me at (518) 447-1617.

Sincerely,

Angelo Gaudio, P.E.
Executive Director
