Experience

ALBANY COUNTY CLERK, Albany County, N.Y. [December 1988 to December 2013.] Appointed to fill vacancy by Governor in December 1988. Elected in 1989, re-elected in 1993, 1997, 2001, 2005, and 2009. Longest serving Albany County Clerk since 1749. Retired in December 2013 after working 38 years in Albany County government.

The County Clerk's office is a major income and information resource for County and other governments, with annual revenues totaling almost \$33 million per year in 2012. I was responsible for all County records from the 1650's to the present, including all land transactions, mortgages, and court records. By improving technology usage in the office and by better personnel management, a staff of twenty-eight at the main office in Albany was able process three times the workload handled by forty people in 1990, a reduction accomplished by gradual attrition. A further eighteen employees worked at our County Hall of Records, a modern state-of-the-art information storage, retrieval, and preservation facility capable of holding 104,000 cubic feet of County and Albany City records.

In May 2002, the County Clerk's office initiated its new Imaging system, which provides images of all land records from 1980 to present (plus an electronic index of these records.) Recent enhancements to this system include free public online access to land records as well as electronic filing of court cases and New York State tax warrants.

The entire County Clerk's office relocated for five and a half years during Court House reconstruction, returning in November 2011. Despite the difficulties of both moves, our service to the public actually improved, by the addition of new resources, better public facilities, and barrier-free access.

ASSISTANT COUNTY EXECUTIVE, Albany County [January 1979 to December 1988.] Chief deputy to County Executive. Organized and directed investigations into specific problems or issues affecting County government. Oversaw several capital construction projects and departmental reorganizations, as well as beginning County risk management and communication system programs. Responsible for day-to-day County operations in the absence of the County Executive.

BUDGET DIRECTOR, Albany County [June 1976 to December 1978.] Supervised preparation of Albany County's first three Executive budgets, automating formerly manual budget processes. Devised and directed three-year Intergovernmental Personnel Act grant, and edited first three mass-distributed annual reports to the public. With other county budget directors, founded statewide organization of county budget officials.

ADMINISTRATIVE ASSISTANT, Albany County [January to June, 1976.] Performed research, writing, and budget analysis under direction of the County Executive and the County Budget Director.

ORAL TEST EXAMINER, NYS Department of Civil Service [1981 to 1988.] Served on three-member panels examining candidates for supervisory positions in state government.
