Subject: RE: Albany County Department of Health - No Cost Extension Request

Morning Shelleisha,

Thank you for your inquiry. We have consulted with your GMO/GMS and we will be sending out an email addressing No-Cost Extensions (NCE) to all recipients next week. However, to answer your question right now.

NCE requests will be reviewed and considered on a case-by-case basis. The determination will be based on the justification/need and is not guaranteed. All requests must be submitted in GrantSolutions as a [Prior Approval](#) and will be reviewed by your assigned Grants Management Officer and Specialist.

As a reminder, an NCE allows a recipient to extend the project period end date and budget period for a limited time to complete award activities detailed in the approved work plan. NCE requests will not be approved for the sole purpose of using unobligated balances.

As the requesting recipient, you must establish in the justification that there is a bona fide need. The following must be addressed in the justification:

- The grant activities, goals, and objectives in their approved project proposal that have not been completed during the original project period and why.
- There is a reasonable expectation that extending the project period will lead to project completion.
- Clarify that additional funding is not required to complete the unmet project goals.

Visit the OGS grants webpage for additional information on [Prior Approval Requests | Grants | CDC](#).

Additionally, refer to the NOFO announcement and your initial Notice of Award as well, as it communicates need-to-know information about your award and DP22-2210 funding opportunity overall that you will find helpful.

Let me know if you have any questions.

Respectfully,

Tchernavia A. Gregory, MPH, FAC-COR II (she/her)

Afternoon Shelleisha,

Thank you for your question. Your assigned GMO would be the best person to answer that question.

Karen is copied on this response, please allow her time to respond.

Respectfully,

Navia

Subject: Albany County Department of Health - No Cost Extension Request

Good afternoon Navia,

The Albany County Department of Health is guidance per the possibility of requesting a no cost extension for the Closing the Gap with Social Determinants of Health Accelerator Plans grant. We are excited to work with our priority municipalities and stakeholders and are currently pursuing contract agreements for services to inform our Accelerator Plan. Consequently, we are considering an extension to successfully facilitate timelines pertaining to these agreements.

Please assist in providing guidelines and details for submitting a no cost extension request. Let us know what we can do to assist this process.

Kindest regards,

Shelleisha Salmon-Gordon, MPH
