2022 Bridge NY Program

Albany County

Albany County is seeking to retain an engineering firm listed on the Region 1 LDSA to assist with the Bridge NY project application development, with the option of being assigned the design and construction inspection services for the project if the application is successful. The services being requested include but are not limited to:

- Prepare an application to submit for Bridge NY funding for up to 3 bridges and 2 culverts
- Preliminary Design – Design Approval Document
- Final Design – Final plans, specifications and estimate
- Right of Way Incidentals and Acquisitions (if necessary)
- Construction Support/Administration (Technical support during construction)
- Construction Inspection – Provide on-site construction inspection and preparation of as-builts

Firm selection will be based on the following criteria:

- Experience and success with preparing NYSDOT Bridge NY Applications.....40%
- Experience with similar projects.....20%
- Familiarity with Federal and State requirements.....20%
- Quality of staff for work to be done – List references and project lead(s).....10%
- Logistics and familiarity with the County.....10%

We are seeking the services of a Consultant that can mobilize and accommodate the schedule specifics published in the State's Notice of Funding Availability (NOFA) for the program. We request the consultant determine which 3 Bridges from the following list would be the most competitive for Bridge NY funding.
