Dear Daniel McCoy,

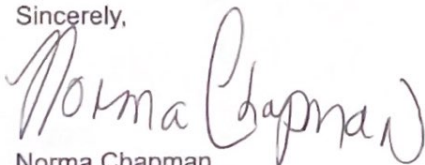

As a member of the Albany County Legislature and as an advocate for community growth, I am writing to express my full support in the Edens Rose Foundation obtaining 110 W Albany Drive and 98 W Albany Drive from Albany County. The Edens Rose Foundation will use these properties to help enrich the lives of the community living in the West Hill Neighborhood and the greater City of Albany. These parcels will provide green spaces for personal and educational enrichment in the capital region.

I have seen firsthand how programming under the Edens Rose Foundation has been used to rehabilitate abandoned properties into the Albany Victory Gardens and other accessible community green spaces.

The countless benefits this project could provide to the West Hill community, and participants from all over Albany, are achievable and eminently worthwhile. I urge you to accept their bid for this auction.

Thank you for providing our communities with this opportunity.

Sincerely,

A handwritten signature in cursive script that reads "Norma Chapman". The signature is written in dark ink and is positioned above the printed name and title.

Norma Chapman
Albany County Legislator

September 20, 2022

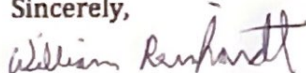

Dear Dan,

As a member of the Albany County Legislature and as an advocate for sustainable community growth, I am writing to express my full support for the Eden's Rose Foundation effort to obtain 110 W Albany Drive and 98 W Albany Drive from Albany County. The Eden's Rose Foundation will use these properties to help enrich the lives of the community living in the West Hill Neighborhood and the greater City of Albany. These parcels will provide green spaces for personal, recreational and educational enrichment in the capital region.

I have seen firsthand how programming under the Eden's Rose Foundation has been used to rehabilitate abandoned properties into the Albany Victory Gardens and other accessible community green spaces. The countless benefits this project could provide to the West Hill community, and participants from all over Albany, are achievable and eminently worthwhile. I am especially excited about the potential for educating youth in the West Hill Neighborhood about sustainability issues in the context of today's urban communities and the climate emergency. I urge you to accept their bid for this auction.

Thank you for your continuing support of Green Initiatives in Albany County.

Sincerely,

William Reinhardt
Albany County Legislator
Chairman, The Conservation, Sustainability and Green Initiatives Committee
