Recommendations:

As it is the intention to contract with multiple contractors who can provide temporary personnel services to supplement the LPN and CNA staffing needs of Shaker Place, all responses above are acceptable. Our recommendation is to contract with Clinical Staffing Resources and Health Advocates Network for three (3) years with a figure of not to exceed \$3,000,000 between both agencies. The facility will contact the contractor with the lowest hourly rate, and utilize that contractor unless the contractor is not able to

provide staff as needed. The facility will then proceed to the next lowest contractor, and will continue in this manner until the facility obtains the services required.

The following are unacceptable, as they did not meet the Scope of Services

Adelphi Medical Staffing Overall Rating 3.55
