OFFICE OF THE FIRE COORDINATOR
ALBANY COUNTY

MISSION STATEMENT

The mission of the Albany County Fire Services Mutual Aid Plan and the Albany County Fire Coordinator's Office is to provide a coordinated and efficient emergency response to communities in the event of fire or other emergencies in which firefighting assets, including personnel and equipment are needed to bring the situation under control.

To cooperate and act in accordance with New York State and local laws to provide for the safety and well-being of the citizens, visitors and those employed within Albany County, State of New York.

To process reciprocal calls for assistance involving national, state and regional governmental bodies requesting fire, rescue or other emergency service assets.

To provide coordination and support for initiatives related to training, programs (Emergency Medical Services, Arson, Hazardous Materials, Juvenile Fire Prevention & Intervention, Public Education etc.), communications, grant guidance and liaison support between municipal entities, governmental agencies and private industry.

To work within the guidelines of Homeland Security Presidential Directive (HSPD)-5 and the National Incident Management System (NIMS) to prepare for and respond to all hazards regardless of cause, size or complexity.

ALBANY COUNTY FIRE SERVICES MUTUAL AID PLAN

Section 1

OVERVIEW

A. Administration

The administration and execution of the Albany County Fire Services Mutual Aid Plan shall be the duty of the Albany County Fire Coordinator as defined by Section 225-a of the NYS County Law.

Section 2

OBJECTIVE

A. Definition of Mutual Aid

Mutual aid is the organized, supervised, coordinated, cooperative, reciprocal assistance in which personnel, equipment, and physical facilities of the participating fire departments/companies, regardless of type or size, are utilized for fire or other public emergency in which the services of firefighters would be used throughout the County of Albany and adjacent areas.

B. Amendments

Amendments to this plan may be made periodically and will follow this procedure:

1. Prepared by the County Fire Coordinator
2. Reviewed by appropriate local fire representatives and /or the Albany County Fire Advisory Board.

3. Submitted to New York State Office of Fire Prevention and Control DHSES (OFPC) for review.
4. Submitted by the County Fire Coordinator to the Sheriff of Albany County and the Albany County Legislature.
5. Adopted by the Albany County Legislature.
6. Admitted into the State Fire Mobilization and Mutual Aid Plan by the DHSES (OFPC).

C. Standardization

The Albany County Fire Services Mutual Aid Plan recognizes the need for the use of authorized and approved apparatus, equipment, protective equipment and training procedures. Fire departments/companies should make every effort to adhere to recognized standards and statutes such as those promulgated by NIMS, OSHA, NFPA, DHSES (OFPC) and the NYS Department of Labor.

D. Periodic Review

Periodically this plan shall be reviewed by the County Fire Coordinator and corrections or changes processed and amended as noted above.

Section 3

PARTICIPATION

A. Extent and Limit of Participation by Departments/Companies

All cities, towns, villages and fire districts and other designated approved fire entities in Albany County may fully participate in this plan. Those departments/companies participating in the plan are:

Albany	Colonie	Maplewood
Albany Int'l Airport	Delmar	McKownville
(non-municipal)	Elsmere	Medusa
	Fort Hunter	Menands
Altamont	Fuller Road	Midway
Berne	Green Island	New Salem
Boght Community	Guilderland	North Bethlehem
Coeymans	Guilderland Center	Onesquethaw
Coeymans Hollow	Knox	Ravena
Cohoes	Latham	Rensselaerville

SABIC(non-municipal)
Schuyler Heights
Selkirk
Shaker Road
Slingerlands
Stanford Heights
Tri-Village
Verdoy
Voorheesville
Watervliet
Watervliet Arsenal
 (Federal)
West Albany
Westerlo
Westmere

B. Extent and Limit of Participation with Adjacent Counties

Mutual aid is provided to and received from Greene, Rensselaer, Saratoga, Schenectady and Schoharie through their respective County Fire Control Centers under direction of their County Fire Coordinators or legally appointed Deputies.

Saratoga Schenectady, Rensselaer, and Albany Counties participate jointly in a 4 County Haz-Mat team.

C. Entering and Participation in the Plan

Any duly established fire department/company may participate in this plan by filing a copy of a resolution adopted by the fire department/company in the Office of the Albany County Fire Coordinator. (Appendix B) Such resolution shall state that such fire department/company elects to participate in the Albany County Fire Services Mutual Aid Plan and will comply with the provisions of such plan. The resolution shall state that the fire department/company shall recognize a call for assistance from another fire department/company through the Albany County Fire Control Center or other recognized dispatch point.

There shall also be filed with the Office of the Albany County Fire Coordinator a copy of a resolution adopted by the legislative body of each participating city and village, or other governing board having jurisdiction over the fire department/company, the Board of Fire Commissioners of each participating fire district or the Town Board of each town in relation to participating fire departments/companies serving territories outside of cities, villages and fire districts or in relation to a town fire department/company(Appendix C). Such resolution shall state that no restriction exists against "outside service" by the fire department/company of the municipality or district within the meaning of Section 209 of General Municipal Law which would affect the power of such fire department/company to participate in the Albany County Fire Services Mutual Aid Plan.

D. Withdrawal from the Plan

Any fire department/company may elect to withdraw from this plan by adopting a resolution to such effect. Such withdrawal shall become effective thirty (30) days after filing of such notice with the Office of the Albany County Fire Coordinator.

If the outside service activities of a participating fire department/company are restricted pursuant to Section 209 of General Municipal Law, notice of any restriction shall be given promptly to the Office of the Albany County Fire Coordinator. Any such restriction imposed by the legislative body of a city, village, or town or by the Board of Fire Commissioners shall take effect in accordance with the resolution imposing the restriction.

Any fire department/company withdrawing from this plan upon the effective date shall surrender and return to the Office of the Albany County Fire Coordinator all county owned equipment.

Such withdrawal shall remain in effect until reinstated by resolution as defined by Section 209 of General Municipal Law.

Withdrawal from this plan will result in the suspension of mutual aid pursuant to this plan from the fire department/company taking such action. All radio identifiers and call signs issued to such fire department/company are cancelled on the effective date of withdrawal.

E. Should a situation exist where the local firefighting assets of Albany County are exhausted, the Fire Coordinator may summon assistance from one or all of Greene, Rensselaer, Saratoga, Schenectady or Schoharie Counties. If this assistance is not available or is not adequate, the Fire Coordinator is empowered to request activation of the State Fire Mobilization and Mutual Aid Plan. Under this plan assistance will be rendered through the DHSES (OFPC) with the Albany County Fire Coordinator acting as the Regional Fire Administrator

F. Extent and Limit of Authority of Albany County Officials:

1. Albany County Fire Coordinator

- (a) Chief Fire Official at the County level.
- (b) Administers the Albany County Fire Mutual Aid Plan and is responsible for the efficient operation of the plan for intra-and-inter Albany County purposes at fires or where the services of firefighters are needed and acts as Regional Fire Administrator when required.
- (c) Maintains the inventory of personnel and equipment.(Appendix E)
- (d) Acts as aide to fire chiefs in cases of mutual aid alarms of fire or other incidents requiring the service of firefighters and orders the Albany County Fire Control Center to dispatch aid at the request of the fire chief.
- (e) Acts as a liaison and advisor to the Albany County Office of Emergency Management in matters concerning fire, EMS, rescue and other emergencies.
- (f) Advises on the operations of the Albany County emergency communications system including personnel and equipment and also reviews necessary and required reports.
- (A) Coordinates and administers specialty programs in such areas as EMS, Hazardous Materials, Fire Prevention, Fire Education, Origin & Cause Investigation, Public Relations and any additional emergency service matters.

2. Chief Deputy Fire Coordinator

- (a) Reports directly to the Fire Coordinator. (See Appendix A)

- (b) Assists the Fire Coordinator in the performance of the above duties.
 - (c) Supervises the activities of the Deputy Coordinators.
3. Deputy County Fire Coordinator(s)
- (a) Report directly to the Chief Deputy Fire Coordinator. (See Appendix A)
 - (b) Assist Chief Deputy and Coordinator in carrying out the duties as previously outlined.
 - (c) Interacts with local fire departments/companies.

Section 4

LINE OF AUTHORITY

A. Absence of Albany County Fire Coordinator

The County Fire Coordinator shall designate in writing and file in the Office of the County Clerk and of the Clerk of the Albany County Legislature the order in which Deputy County Fire Coordinators are to possess the powers and perform the duties of the County Fire Coordinator during his absence or inability to act, pursuant to Section 401 of County Law (see Appendix A).

B. Vacancy in Position of the Albany County Fire Coordinator

In accordance with the authority designated by the Albany County Legislature, the Chief Deputy Fire Coordinator is authorized to act temporarily as County Fire Coordinator until the County Legislature shall appoint a County Fire Coordinator under Section 225A of the County Law.

Section 5

STATUS OF THE LOCAL FIRE DEPARTMENT/COMPANY

A. Maintenance of Individuality

Each fire department/company participating in this plan shall retain its internal command structure and individuality working within the NIMS doctrine. Fire Chiefs/Fire Command shall have sole and exclusive authority for fire suppression, rescue, extrication, hazardous conditions and hazardous material incidents at any place within the jurisdiction of their Municipal Fire Department, Fire District or Fire Protection District.

B. Authority of "Requesting" Fire Chief or Officer-in-Charge

1. A "requesting" fire chief or officer-in-charge is the one who requests mutual aid for his department in accordance with this plan.
2. The Chain of Command at a fire or other emergency in which the services of firefighters would be used when entering the area under mutual aid may remain with the home department/company requesting the mutual aid. Command may be transferred to incoming responders at the discretion of the Incident Commander (IC). Ultimately authority and responsibility rests with the fire department/company having jurisdiction.
3. The Incident Commander will work with all department/company officers providing mutual aid. The firefighters in the assisting departments/companies may be supervised by their own officers or officers designated by the Incident Commander.

C. Mutual Aid Procedures

1. Summons of Assistance

If after the initial size up, the fire department/company officer-in-charge/IC feels it is necessary to request assistance, that officer or his designee should request a mutual aid response following these procedures, in order of preference as follows:

(a) Request assistance through your communication center who will contact appropriate agencies as requested by the IC including the Albany County Fire Coordinator at any fire, specialty rescue situation or hazardous materials incident where assistance or additional resources are needed(as per General Municipal Law) through the appropriate communication center.

(b) Requests for specialized assistance can be made via the Albany County Communications Center or directly through the Coordinator or Deputy Coordinator on the scene.

2. Response

The officer-in-charge/IC of the department/company requesting assistance shall advise the communications center what assistance is needed and where it should be sent. The officer-in-charge/IC should request the following:

- (a) Only equipment or personnel needed.
- (b) Specialized response teams and/or equipment shall be requested by name and type. If a particular item is needed and the requesting department/company knows

where it can be located, the requesting department/company should relay that information.

- (c) The requesting department/company shall advise where personnel and/or equipment shall be delivered or staged. One or a combination of the following shall be stated as to location:

(1) Stand by in home quarters. This requires providing qualified personnel as determined by AHJ (Authority having Jurisdiction) for the equipment requested by type.

(2) Stand by in one or more of the vacated quarters of the requesting department/company. This requires providing qualified personnel as determined by AHJ for the equipment requested by type. The responding department/company will relocate the required equipment and personnel to the requested location. When this option occurs an officer or delegated personnel from the requesting department/company should accompany the mutual aid department and act as a liaison.

(3) Locate the responding mutual aid equipment at a designated staging area. This requires the requested fire department(s)/companies(s) to go directly to a staging area and report to the Staging Area Manager. The following shall be considered when establishing a Staging Area. The Staging Area shall be:

- a) Easily identified.
- b) Readily accessible.
- c) Remote from scene of the incident.
- d) Large enough to accommodate requested equipment and personnel.
- e) Within three to five minutes of the scene.
- f) Considerate of weather and personnel needs.
- g) Staffed by personnel in radio contact with the Operations Section Chief/IC.

(4) Response of assisting departments directly to the scene is the fastest method of receiving mutual aid assistance but can create issues with scene management and accountability. Responding departments/companies shall contact the Officer-in-Charge/IC and ascertain details of expected assignment(s).

- 5) Mutual aid departments shall not depart the scene, staging areas or stand by locations until directed to do so and shall advise when they have exited that particular location.

Obligation to respond

Each Fire Agency participating in this Plan ("Participants") shall make a good faith effort to respond to each call for assistance received from The Albany County Emergency Communications (A/K/A "911 center").

All requests for Mutual Aid must be coordinated through the County's 911 center.

Unless there are extenuating circumstances, requests for Mutual Aid should not be made directly from one Fire Agency to another. It is recognized, however, that circumstances may require a Fire Agency to make a Mutual Aid request directly to another Fire Agency. In those situations 911 center shall be notified as soon as possible of such a request and provide all information to 911 center required as if it were a request placed with 911 center for Mutual Aid.

A Fire Agency may decline to respond to a request based on unit unavailability.

A Plan Participant may deem certain apparatus unavailable for Mutual Aid response. In such instances, prior written notification of that restriction must be made to 911 center when becoming a Plan Participant. (For example, a Fire Agency may have special equipment that is restricted to the jurisdiction, e.g. aerial ladder, heavy rescue equipment or equipment that has highway clearance, weight or distance limitations, etc.)

A Plan Participant providing Mutual Aid to a requesting Fire Agency shall commit its equipment and manpower to the requesting Fire Agency until released by the Incident Commander.

Further, it is agreed and understood that during Mutual Aid events:

- The Incident Commander of the requesting Fire Agency retains command of all fire resources assigned to the event until such time as command is transferred or terminated.
- A Fire Agency requesting Mutual Aid to stand by in its headquarters/stations shall provide at least one firefighter at each station to facilitate station access and to serve as a guide for subsequent alarms in a requesting department's jurisdiction.
- It is the obligation of the Incident Commander to release Fire Agencies providing Mutual Aid as promptly as possible.
- Mutual Aid responders shall refer all media requests for information to the Incident Commander, without comment. Note: Should a Fire Agency respond to an incident and determine the location of the incident is actually outside of its jurisdiction that Fire Agency shall:

- Notify 911 center of the actual or correct incident location and direct 911 center to notify the Fire Agency having authority for the correct location.
- Take appropriate action to control the incident

3. Local Mutual Aid Plans

Local mutual aid plans by fire departments/companies exclusive of the County Plan are in existence within the County. Departments/companies entering into such agreements should be mindful of the legal requirements of these agreements and have such agreements reviewed by counsel in order to protect the rights of firefighters under law, especially the VFBL, and also responsibility for apparatus and equipment.

4. Fire Police

The subjects included in this mutual aid plan as identified or relating to fire departments/companies are intended to pertain to fire police squads as an extension of that fire department/company. Fire police units should be utilized by the fire department/company as a key asset in traffic, crowd control, and scene protection. In addition, mutual aid by fire police only, as allowed under Section 209C of the General Municipal Law (see below), will be covered by this mutual aid plan.

In order for a fire police squad to provide mutual aid under this plan members of the squad must have the appropriate training and taken and filed the oath of office as required by section 209-c of the NYS General Municipal Law. In lieu of or in addition to this requirement AHJ(Authority having jurisdiction) may provide appropriate training which must include at a minimum Highway Safety for Emergency Responders and Traffic Incident Management classes. AHJ must provide written certification that the in lieu of training was provided.

New York General Municipal Law

Sec. 209-C

Fire Police Squads of Fire Departments and Fire Companies

209-c. Fire police squads of fire departments and fire companies. The authorities having control of fire departments and fire companies may organize within such departments or companies' fire police squads composed of volunteer firemen who are members of such departments or companies. Members of fire police squads, so

organized, at such times as the fire department, fire company or an emergency rescue and first aid squad of the fire department or fire company are on duty, or when, on orders of the chief of the fire department or fire company of which they are members, they are separately engaged in response to a call for assistance pursuant to the provisions of section two hundred nine of the general municipal law, shall have the powers of and render service as peace officers. A member of a fire police squad shall take an oath of office as a fire policeman in the following form: "I do solemnly swear (or affirm) that I will support the constitution of the United States, and the constitution of the State of New York, and that I will faithfully discharge the duties of the office of fire policeman of theFire company (or fire department), according to the best of my ability." Such oath shall be filed in the office of the city clerk in the case of a fireman of a fire company or fire department in a city, in the office of the village clerk in the case of a fireman of a fire company or fire department in a village, and in the office of the town clerk in all other cases. Notwithstanding any other provision of law to the contrary, a member of a fire police squad shall have satisfied any requirement for training as provided by any general or local law if the person has satisfactorily completed a training course offered by the state office of fire prevention and control, or an equivalent course as approved by the state office of fire prevention and control.

Section 6

THE COUNTY FIRE CONTROL CENTER

- A. Location: Albany Country 911 Communication Center
 449 New Salem Road
 Voorheesville, NY 12186
 518-765-2352
- B. Supervision and Dispatching Service
1. The County Sheriff's Department is responsible for all activities of the County Fire Control Center and is authorized to dispatch assistance as required.
 2. Dispatching service. Such service is provided by the County Sheriff's Department who shall designate an emergency communications coordinator.
- C Radio Frequencies
- (See Appendix D)

Section 7

EQUIPMENT INVENTORY RECORDS

A. County Inventory

All equipment inventories shall be typed (See Appendix E).

B. Location of County Inventory

The County inventory records shall be located as follows:

One Set: County Fire Coordinator and each Deputy

One Set: County Fire Control Center

One Set: County Fire Coordinator's Office

One Set: Critical Incident Coordinator Albany County
Sheriff

C. Method Used in Maintaining Inventory

The County Fire Coordinator shall contact each fire chief on an annual basis regarding the equipment inventory. It shall be the responsibility of each fire chief to notify the office of the County Fire Coordinator of any additions or deletions, to their equipment and personnel.

D. Inventory Review/Update

The inventory shall be reviewed annually by the County Fire Coordinator.

Section 8

PARTICIPATION IN THE STATE FIRE MOBILIZATION AND MUTUAL AID
PLAN

A. Procedure to Activate State Fire Mobilization and Mutual Aid Plan

The County Fire Coordinator or a Deputy in the line of authority designated pursuant to Section 401 of the NYS County Law, after utilizing all available assistance from Greene, Rensselaer, Schenectady, Saratoga and Schoharie Counties, may call the Office of Fire Prevention and Control of the State of New York to obtain activation of the State Fire Mobilization and Mutual Aid Plan.

B. Authority and Responsibility of the Regional Fire

Administrator

The authority and responsibility of the Regional Fire Administrator under the activated State Fire Mobilization and Mutual Aid Plan is established by the DHSES (OFPC). Under the plan the authority and responsibility is conferred on the Albany County Fire Coordinator as the Regional Fire Administrator.

C. Retirement Provision Relating to the Position of Regional Fire Administrator

Should the County Fire Coordinator be separated from his office for any reason, he is automatically retired as Administrator if he also holds the position of Regional Fire Administrator. The Fire Administrator of the NYS DHSES (OFPC) is authorized by law to appoint a successor.

D. County Number Issued Under the State Fire Mobilization and Mutual Aid Plan

The County Fire Coordinator shall utilize county number 01 as assigned to Albany County by the State Fire Mobilization and Mutual Aid Plan through the DHSES (OFPC).

Section 9

COORDINATION WITH OTHER EMERGENCY SERVICES UNDER THE UNIFIED COMMAND SYSTEM PER THE NIMS DOCTRINE

A. Under the Albany County Fire Coordinator, a list of all the fire agencies within the county and their contact numbers shall be reviewed and updated on an annual basis and maintained for distribution to all fire agencies and Public Safety Answering Points (PSAPS) within Albany County.

Section 10

FOAM BANK

A. The Office of the Fire Coordinator will endeavor to maintain an adequate supply of firefighting foam. This foam will be available to the County firefighting services as needed to supplement their existing resources in the event of an emergency. Foam can be obtained by contacting Albany County Fire Control Center from Foam Bank located at Albany County DPW

RESOLVED that this board has reviewed the _____ County Fire Mutual Aid Plan and encourages the participation of the

_____ in such County Fire Mutual Aid Plan as now in force and as amended from time to time and certifies to the _____

County Legislature through the County Fire Coordinator that no restrictions exist against "outside service" by such fire company or fire department named herein within the meaning of Section 209 of the General Municipal Law which would affect the power of such fire company or fire department to participate in such plan.

And be it further resolved that a copy of this resolution be filed with the County Fire Coordinator.

This resolution shall supersede all previous resolutions and shall take effect immediately.

Mr. /Ms. _____ seconded the resolution.

Albany County

Fire Mutual Aid Plan

Radio System

Albany County operates a digital, trunked radio system. The system is a Motorola system and is APCO P25, Phase I compliant. All emergency service agencies, including all fire departments are on the system.

The system is divided into 3 cells.

- The County cell is the primary cell for agencies in Bethlehem, Guilderland and the southern part of the county. This cell has county wide coverage but is limited to 5 simultaneous conversations.
- The Metro cell is the primary cell for Albany, Colonie, Cohoes, Watervliet and Green Island which is the northern part of the county. This cell does not cover the southern part of the county but it can handle 17 simultaneous conversations.
- The Cohoes cell is primarily to fill in a dead spot in the City of Cohoes not covered by the Metro cell.

ALL RADIOS HAVE THE 16 INTEROPERABILITY TALKGROUPS.

Generally, all fire radios have all of the fire talkgroups organized into zones. Fire radios in a jurisdiction may also have talkgroups from other agencies in their jurisdiction. For example, Guilderland Fire Departments may have talkgroups for Guilderland Police, EMS, public works and schools.

All fire radios are programmed with "zones" for each response area. Response areas are Albany City, Bethlehem, Colonie, Guilderland, County North and County South.

The County dispatch center has the capability to patch the system to the radio systems in neighboring counties.

Also, NYS OFPC operates on this system in Albany County.

In addition to the above, fire radios are programmed with the interoperable 700/800 MHz frequencies as listed in the National Interoperability Field Operations Guide as published by the U.S. Department of Homeland Security, Office of Emergency Communications.

The system is administered by a committee. Radios must be “authorized” to operate on the system when they are programmed, otherwise they will not be recognized and may not transmit. Non-encrypted channels may be received by scanning receivers generally available to the public. Encrypted channels may only be received by radios containing the corresponding encryption key. Fire radios cannot receive channels encrypted for police use.

Dispatch Centers

There are dedicated dispatch centers for the City of Albany, Towns of Bethlehem, Colonie and Guilderland. All other areas of the County are handled by the Albany County Dispatch Center.

Radio Identifiers

Units will utilize their normal radio identifiers as assigned by their dispatch center when operating in their home dispatch area. When operating in other dispatch areas under mutual aid, units shall add their Department and Apparatus Type to their identifier. For example, Fuller Road 412 will identify itself in dispatch areas outside of Colonie as "Fuller Road Engine 412."

Radio Frequencies

The three zones in the system utilize the following frequencies (MHz):

Metro Cell

856.1125	859.2625	859.7125	860.2625	851.2625	852.5750
853.3625	855.4625	855.7125	856.4375	856.2625	857.2625
857.4375	857.2125	858.2625	858.4375	858.9375	859.4375

County Cell

854.5375	854.0375	853.7375	852.9500	852.1875	851.7375
----------	----------	----------	----------	----------	----------

Cohoes Cell

860.4375	859.9375	859.2125	858.2125
----------	----------	----------	----------

Talkgroups

The following talkgroups are utilized on the system:

RESOLUTION NO. 170

ADOPTING THE REVISED ALBANY COUNTY FIRE AND MUTUAL AID PLAN

Introduced: 5/9/22

By Public Safety Committee:

WHEREAS, General Municipal Law §209 provides that municipal fire departments or districts may answer calls for assistance outside the area regularly served by such fire department or district and sets forth the particulars of such service, and

WHEREAS, County Law §225-a provides for the administration of mutual aid fire programs by the local office of fire coordinator and additionally establishes that the fire coordinator act as liaison between the governing body and fire fighting forces of the County, and

WHEREAS, The Albany County Fire Coordinator has revised the Albany County Fire and Emergency Mutual Aid Plan which has been submitted to and reviewed by local fire department representatives, the Albany County Sheriff, and the New York State Office of Fire Prevention and Control, and

WHEREAS, The Albany County Sheriff requests that the revised plan, which is on file with the Clerk of the Legislature, be adopted by this Honorable Body to ensure the effective administration of fire and emergency mutual aid in the event of significant fires and other emergencies which need the attention of more than one fire department or district, now, therefore, be it

RESOLVED, That the Revised Albany County Fire and Mutual Aid Plan dated March 11, 2022, on file with the Clerk of the Legislature, is hereby adopted by this Honorable Body effective immediately, and be it further

RESOLVED, That the Clerk of the County Legislature is directed to forward certified copies of this resolution to the appropriate County Officials.

Adopted by unanimous vote – 5/9/22
