Previous requests for Identical or Similar Action:

Resolution/Law Number: 403

Date of Adoption: 10/10/2017

Justification: (state briefly why legislative action is requested)

Point Click Care Technologies is our current electronic medical record provider and has provided this service for the past five years. Their service to Shaker Place has met all of our needs and they have accommodated our requests. During the past five years we have set up interfaces with the Point Click Care software for pharmaceuticals, radiology, laboratory, vital machines and the staff direct care documentation for medical services rendered including the residents activities of daily living. Therefore, they are considered a sole source provider of medical record services, even though other software companies provide this service, it would not be practical or cost effective to change vendors at this time, due to the above.
