DESCRIPTION OF REQUEST: (state briefly why legislative action is requested)

The Department of Economic Development, Conservation and Planning is requesting authorization to provide an easement to Niagara Mohawk Power Corporation (National Grid) to allow for construction, repair, operation and maintenance of underground gas distribution infrastructure within the designated easement area and adjacent access points on County property located at 304 Madison Street (Governor's Mansion) in the City of Albany. The easement also allows to clear vegetation and obstructions both within and near the easement, make necessary ground alterations (with restoration afterward), and access the property using vehicles and equipment as needed to support construction, maintenance, and operation of the gas facilities.
