RE: Parking Facility Renovations
SUBJECT: SEQR compliance for Capital Projects

I have reviewed the documentation you provided describing the referenced project as it relates to State Environmental Quality Review (SEQR). This project addresses ongoing needed parking facility preservation, renovation and upkeep at county owned garages.

As described above, the proposed project meets the criteria established for SEQR Type II actions pursuant to 6 NYCRR 617.5(c) subdivisions (1), (2), and (31). Accordingly, this action has been determined not to have a significant impact on the environment, and as such, no procedural compliance with SEQR beyond this determination is required at this time.

Should you have any questions or require additional information, please feel free to call me at your convenience.
