Term

Term: (Start and end date) 3/12/2021 - 10/31/2022

Length of Contract: ~18 Months

Impact on Pending LitigationYes ☐ No ☒

If yes, explain: Click or tap here to enter text.

Previous requests for Identical or Similar Action:

Resolution/Law Number: Reso. 69 for 2021

Date of Adoption: 3/8/2021

Justification: (state briefly why legislative action is requested)

The Office of the Albany County Executive is requesting authorization to amend a contract and award an add alternate to Bergmann Associates pursuant to the Countywide Climate Resiliency Plan. The County was awarded funding in the amount of \$138,145 with no County match requirement. The program supports the development of a resiliency plan that proactively addresses climate change risks and vulnerabilities associated with increased frequency and severity of storms and other climate threats.

The County is amending our grant agreement with New York State Department of State in order to repurpose grant funds for this purpose. The original grant budget included \$25,290 to offset County staff salary and \$1,605 for travel. As the project has progressed, we have determined that a more beneficial use of the funds will be to provide our consultant, Bergmann Associates, additional funding to develop conceptual designs, detailed project scopes, and preliminary engineering for resiliency projects that are identified during the planning process. This work will position the County to access additional grant funding from FEMA, NYSDEC, federal infrastructure funding, and a potential NYS Environmental Bond Act.
