Justification: (state briefly why legislative action is requested)

The Office of the County Executive is requesting the Legislature's authorization to designate Albany County as lead agency for State Environmental Quality Review (SEQR) for the proposed solar installation at 897 Watervliet-Shaker Road (The Radar Tower Site). The finding made on March 2, 2021 show that this project should be listed as a SEQR Type 1 and the attached Lead Agency letter was sent to involved and interested parties.

All responding parties concurred that Albany County should be lead agency. Given that there has been no objection, the County will proceed with the necessary environmental assessment as Lead Agency and make a determination as to the environmental impact of the project.
