Previous requests for Identical or Similar Action:

Date of Adoption: 9/12/2018, 11/12/2019

Justification: (state briefly why legislative action is requested)

Albany County currently owns the Varonis Data Security platform which monitors and protects sensitive data. The platform is modular so Albany County is looking to add additional modules to protect data currently contained in Office 365. With the exponentially increased use of OneDrive and SharePoint in Office 365 because of employees working from home it has increased the County's exposure to data loss. Albany County is looking to purchase the Varonis modules for Office 365 SharePoint and OneDrive.
