WORKERS' COMPENSATION LEAVE

- Section 1.** Albany County has adopted a policy of self-insurance for Workers' Compensation. Any occupational injury or disease occurring January 1, 1984 or later will be the financial responsibility of Albany County. Any occupational disease or injury that occurred prior to January 1, 1984, or any reoccurrence of a disease or injury that occurred prior to January 1, 1984, is the financial responsibility of Travelers Insurance Company, the carrier for that period.
- Section 2.** Albany County has engaged the services of an Administrator for the purpose of:
- (a) Review of claims presented for payment.
 - (b) Consultation on any matters relating to the County's rights and responsibilities as a self-insured entity.
- Section 3.** It is mandatory that all employees immediately report injuries of any sort received while at work and in no event more than thirty (30) days after the injury occurs. The employee must fill out an Incident Report. This report should be as detailed as possible and must be signed by the employee. The Employer or supervisor must complete and sign the reverse side of the Incident Report. If, because of hospitalization or nature of disability, the employee is unable to sign the Incident Report, a union representative or family representative may sign for the employee.
- Section 4.** When a leave of absence is necessitated by an occupational injury or disease as defined in the Workers' Compensation Law, the employee shall be allowed a leave, upon giving notice to the District Attorney, or his designee, that he/she claims benefits under such law. The time limit and the leave of absence necessitated by such injury or disease shall be extended to one (1) year cumulatively including any period of such absence during which the employee draws vacation and sick leave credits. Such leave may be extended for further periods at the discretion of the District Attorney.
- Section 5.** If the employee's claim for benefits under the Workers' Compensation law is controverted, the employee shall not be entitled to leave as stated in Section 4. The employee may continue to receive full gross wages only to the extent that he/she has accrued sick and vacation time. When his/her time is exhausted, the Employer may suspend all payments to the employee pending a determination of the

controverted claim by the Workers' Compensation Board. If said determination is in favor of the employee, he/she shall be entitled to leave under Section 4, and all* absences before such final determination to the extent that the same were necessitated by his/her occupational injury or disease, shall be deemed to have been pursuant to leave under this Section. If the determination is in the employee's favor, his/her accrued time (if charged) should be properly credited.

***Note:** Compensation is allowed for injuries that caused disability beyond seven (7) calendar days. Workers' Compensation payments begin to accrue with the eighth (8th) day after disability commences. If the employee is disabled for more than fourteen (14) calendar days then compensation is also payable for the first week of disability.

Section 6. In the case of permanent incapacity, leave may be withheld or terminated, if it is determined that the occupational injury or disease suffered by the employee is of such a nature to permanently incapacitate him/her from the performance of the duties of his/her positions.

Section 7. An employee on leave for an occupational injury or disease may receive pay as follows:

- (a) If it is determined that the employee is in fact disabled from performance of his/her duties, he/she may be granted full gross wages during such leave not to exceed cumulatively six (6) months for each occupational injury or disease including any reoccurrence thereof. Such wages shall be computed including all remuneration as defined in Workers' Compensation Rules 357.1.
- (b) After the six (6) months provided in paragraph (a), the employee may draw accrued vacation and sick leave credits subject to the provisions of this Agreement to complement his/her award.
- (c) If not drawing wages under paragraph (a) or (b), an employee may, at the discretion of the District Attorney be allowed to draw personal and sick leave at half pay pursuant to this Agreement. The District Attorney may, at his discretion, grant sick leave at half pay for personal illness to a regular employee having not less than one (1) year of continuous service after all of his/her sick, vacation and personal leave have been exhausted, provided that the cumulative total of all sick leave hereby granted shall not exceed twenty (20) workdays for each year of continuous County service.

Section 8. An employee who receives full gross wages for any period of leave under this Section shall earn vacation and sick leave credits during such periods pursuant to this Agreement. Time will not accrue in any instance where time is advanced to the employee.

- Section 9.** Before accumulated sick time may be charged, medical evidence is required for any injury when the absence is greater than three (3) days. A doctor's certificate may be satisfactory. The County retains the option to require the employee to be examined, at County expense, by a physician designed by the County. In the event of failure to submit proof of illness or injury or if the evidence submitted is not satisfactory to justify the entire absence, such absence will be considered unauthorized leave, and as such, may not be charged against any accumulated time. In the case of Workers' Compensation claim, medical evidence must be obtained regardless of the length of the absence. Subsequent medical evidence may be required at reasonable intervals as necessitated by treating physician's prognosis. Suspension of medical evidence will automatically suspend all payments to the claimant except that the employee shall not be charged for the one-half day for attendance at any physical examination at the direction of the Employer.
- Section 10.** An award by the Workers' Compensation Board for any period for which the employee receives or received pay from the County shall be credited to the County as a reimbursement of wages paid. This reimbursement must be reflected in the employee's W-2 Statement of Wages Paid. These wages must be reported as "Workers' Compensation Wages" and are, therefore, exempt from taxes.
- Section 11.** Accrued leave credits, used by an employee during a period of absence for which an award of compensation has been made to the County as a reimbursement for wages paid, shall be restored to him/her in full. No restoration shall be made for any leave time advanced to a County employee. In the event that the employee dies, resigns, retires, or continues absent beyond one (1) year without further leave, cash payment for vacation and overtime credits, including any credits restored because of a Workers' Compensation award shall be made in accordance with this Agreement. In any other case, an employee restored to service after an absence for an occupational disability shall have one (1) year from date of such restoration to reduce this accrued leave credited to the limits set in this Agreement.
- Section 12.** Upon request of the employee to return to work at or prior to the expiration of the maximum period of allowed leave, if there is any doubt as to whether the employee is physically or mentally fit to perform the duties of his/her position, the District Attorney may require the employee to undergo medical examination, prior to reinstatement, by a physician designated by the County within seven (7) days of a written notice of intent to return to work. If reinstatement is denied, the employee may make application in the manner prescribed by Section 71 of the Civil Service Law. If an employee continues absent after the expiration of the maximum period of allowed leave, his/her eligibility for reinstatement shall be governed by Section 71 of the Civil Service Law.

- Section 13.** In order to enable the District Attorney to make such a determination of fitness after the employee has been on Workers' Compensation leave, he/she may require an employee at any time to be examined by a physician designated by the County.
- Section 14.** Where the District Attorney has refused to grant the employee pay during leave pursuant to Section 7(a) or (b), or has withheld or terminated a leave of absence on the grounds that the occupational injury or disease is of such a nature as to permanently incapacitate the employee from the performance of duties of his/her position, the employee may request the Civil Service Commission to review the determination and take appropriate action thereon.
- Section 15.** These provisions shall not be construed to require extension of any employment beyond the time at which it would otherwise terminate.
- Section 16.** In the event of a controverted case where the Workers' Compensation Board finds for the Employer, or if for any other reason the employee is overpaid in Workers' Compensation benefits, the employee's accrued leave time shall be reduced in the amount equal to the sum so paid. In the event the employee's accrued leave time is insufficient for such purpose, the Employer may apply ten (10%) percent of the employee's gross wages and one hundred (100%) percent of future accruals of leave time until the Employer is repaid.
- Section 17.** Health and Dental insurance coverage will continue for any employee who was already covered, as long as he/she receives any County share to complement his/her Workers' Compensation benefits. During the first twenty-six (26) weeks coverage would automatically continue. After the twenty-six (26) week period, health/dental insurance coverage will continue as long as any previously accrued time is being used. Once this time is exhausted, benefits will terminate on a time schedule identical to that used for resignation or termination. The employee is carried for one (1) month after the month in which his/her benefit time is exhausted. If the employee returns to work, then he/she will begin health and dental insurance benefits on the first day of the month after he/she has been back on the first of a month (one month lag).
