LISA M. RAMUNDO, P.E.
COMMISSIONER

March 21, 2023

Hon. Andrew Joyce, Chairman
Albany County Legislature
112 State St., Rm. 710
Albany, NY 12207

Dear Chairman Joyce:

The Department of Public Works is requesting the Legislature's approval to enter into an agreement with Gorman Brothers, Inc. for our annual Cold-In-Place (CIP) pavement recycling project. The CIP process recycles the top 4 inches of pavement by running it through a miller, crushing the millings, mixing them with an asphalt emulsion and placing the recycled pavement back onto the roadway. The recycled material is then overlaid with 2 inches of asphalt as part of our hauling and placing project.

The following 8.66 miles of County roadways will be recycled this year:

CR411 (Newry Rd.) 3.06 miles in the Town of Westerlo
CR252 (Knox Cave Rd.) 5.6 miles in the Town of Knox.

Gorman Brothers, Inc. is on State Contract and has been providing Albany County with exceptional pavement recycling services over the years. This project is 100% County funded and is not to exceed \$1,241,651.00.

If there are any questions, please contact my office.

Sincerely,

Lisa M. Ramundo
Commissioner
