Dear Public Health Partners,

In regards to the notification email below, in the very near future, you will receive the contract agreement for execution directly from Health Research, Inc (HRI) for the Public Health Strengthening Infrastructure, Workforce and Data Systems funding.

We have attached a PH Infrastructure Subrecipient Form. The Authorized Official will be the individual who will receive the contract documents unless you have included a name in the Additional Staff to be Copied section. Please complete the gray cells in the attached document and return as soon as possible to NYSPEP@health.ny.gov in order for us to complete the contract documents.

Thank you,

Bridget E. Pardo

Subject: Funding Announcement

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Public Health Partners,

We are pleased to inform you that Health Research Inc. / New York State Department of Health (HRI/NYSDOH) is awarding funding totaling \$43.1M to strengthen public health workforce and foundational capabilities. This funding is supported by a CDC sponsored grant titled *Strengthening U.S. Public Health Infrastructure, Workforce and Data Systems*, CFDA# 93.967.

Funding Details:

- 5-Year grant period: December 1, 2022 through November 30, 2027.
- See attached *PH Infrastructure, 5-Year LHD Allocation* for the list of individual LHD awards. Awards are based on county populations with an adjustment for community vulnerability, based on the Census Bureau's Community Resilience Estimate (CRE).
- See attached *LHD Deliverables* document for the funding purpose, requirements, allowable costs, etc.
- The budget template and instructions will follow.

We respectfully request your county's responses to the questions below by email reply to NYSPEP@health.ny.gov no later than March 10, 2023.

1. Please confirm your county plans to accept these funds, select option A, B or C:
 - A. Accept the funds through a contractual agreement with Health Research, Inc. (HRI).
 - B. Not accept the funds through a contractual agreement with Health Research, Inc. (HRI), but be provided with Direct Assistance (DA) to:
 - Request the funding be deployed in support of Regional Office staff to serve the needs of the LHD (for example, an epidemiologist or data analyst assigned to work with one or more LHD);
 - Request the funding be deployed toward augmented training opportunities specific to the LHD;
 - Request OPH to hire staff through a contract on the LHD's behalf.
 - C. A combination of one or more of the above Option A and B, or other (please specify).
2. How would your county like to receive these funds: annually or one lump sum?
3. If known at this time, how does your county plan to deploy these funds? Choose from the list of allowable costs in the attached *LHD Deliverables* or describe specific activities.
4. Also, if known at this time, recognizing the intention of CDC to strengthen the public health infrastructure AND improve health outcomes in health among socially and economically marginalized communities, please describe how your county's use of these funds will contribute to improvements in health in socially and economically marginalized communities within the jurisdiction?
 - Drawing from your jurisdictions Community Health Assessment and Health Improvement Plan, please briefly describe the communities with greatest

need and describe how strengthening the local public health infrastructure will improve the LHD's ability to address health inequities in the community.

Thank you,

Bridget E. Pardo
