Approval is requested to accept a grant award from the US Treasury to provide rental and utility assistance including rental and utility arrears to eligible households. This is a federal assistance program to prevent eviction of households with financial hardship due to the Covid pandemic.

An eligible household is defined as a renter household in which at least one or more individuals meets the following criteria:

1. Qualifies for unemployment or has experienced a reduction in household income, incurred significant costs, or experienced a financial hardship due to COVID-19;
2. Demonstrates a risk of experiencing homelessness or housing instability; and
3. Has a household income at or below 89 percent of area median income.

Eligible households include an individual who has been unemployed for the 90 days prior to application for assistance; households with income at or below 50 percent of area median income will be prioritized for assistance.

Eligible households may receive up to 12 months of rental arrears assistance, plus an additional three months if there is a determination of need to ensure housing stability should sufficient funds remain available. The payment of existing housing related arrears that could result in eviction of an eligible household will be prioritized. Assistance will be provided to reduce an eligible household's rental arrears before the household may receive assistance for future rent payments. Once an eligible household's rental arrears has been reduced future rental assistance will only be approved at three month intervals. Households may reapply for additional assistance at the end of the three month period if needed and the overall time limit for assistance has not been exceeded. Not less than 90% of awarded funds must be used for direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy arrears and other expenses related to housing.

An application for rental assistance may be submitted by either an eligible household or by a landlord on behalf of that eligible household. In general, funds will be paid to the landlord or utility service provider.

## Emergency Rental Assistance Program

### Emergency Rental Assistance Program

#### **KEEPING FAMILIES IN THEIR HOMES**

The Emergency Rental Assistance program makes available \$25 billion to assist households that are unable to pay rent and utilities due to the COVID-19 pandemic. The funds are provided directly to States, U.S. Territories, local governments, and Indian tribes. Grantees use the funds to provide assistance to eligible households through existing or newly created rental assistance programs.

#### **INFORMATION FOR GOVERNMENTS**

Emergency Rental Assistance payments will be made directly to States (including the District of Columbia), U.S. Territories (Puerto Rico, the United States Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa), local governments with more than 200,000 residents, the Department of Hawaiian Home Lands, and Indian tribes (defined to include Alaska native corporations) or the tribally designated housing entity of an Indian tribe, as applicable (collectively the “eligible grantees”).<sup>1</sup> Details on exact payment amounts will be forthcoming, and may be accessed below.

A list of eligible local governments, which includes a county, municipality, town, township, village, parish, borough, or other unit of general government below the State level with a population that exceeds 200,000, may be accessed below.

Eligible grantees must provide payment information and sign the acceptance of award terms form accessible below. The award terms are available for review, and may be accessed below. Prospective grantees should review in full the statutory provisions, cited in the award terms, for complete participation requirements.

Completed payment information and a signed acceptance of award terms form generally must be submitted not later than 11:59 p.m. EDT on January 12, 2021, to ensure payments are made within the 30-day period specified by the statute.<sup>2</sup> Eligible grantees that do not provide complete information by 11:59 p.m. EDT on January 12, 2021, may not receive an Emergency Rental Assistance payment. To the extent any tribes or tribally-designated housing entities do not elect to participate in the program by providing the required payment materials, Treasury is required to reallocate those funds to those tribes that have elected to participate in the program.

Not less than 90 percent of awarded funds must be used for direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy costs arrears, and other expenses related to housing. Remaining funds are available for housing stability services, including case management and other services intended to keep households stably housed, and administrative costs. Funds generally expire on December 31, 2021.

## **INFORMATION FOR RENTERS**

### **Eligibility**

An “eligible household” is defined as a renter household in which at least one or more individuals meets the following criteria:

- i. Qualifies for unemployment or has experienced a reduction in household income, incurred significant costs, or experienced a financial hardship due to COVID-19;
- ii. Demonstrates a risk of experiencing homelessness or housing instability; and
- iii. Has a household income at or below 80 percent of the area median.

Rental assistance provided to an eligible household should not be duplicative of any other federally funded rental assistance provided to such household.

Eligible households that include an individual who has been unemployed for the 90 days prior to application for assistance and households with income at or below 50 percent of the area median are to be prioritized for assistance.

Household income is determined as either the household's total income for calendar year 2020 or the household's monthly income at the time of application. For household incomes determined using the latter method, income eligibility must be redetermined every 3 months.

## **Available Assistance**

Eligible households may receive up to 12 months of assistance, plus an additional 3 months if the grantee determines the extra months are needed to ensure housing stability and grantee funds are available. The payment of existing housing-related arrears that could result in eviction of an eligible household is prioritized. Assistance must be provided to reduce an eligible household's rental arrears before the household may receive assistance for future rent payments. Once a household's rental arrears are reduced, grantees may only commit to providing future assistance for up to three months at a time. Households may reapply for additional assistance at the end of the three-month period if needed and the overall time limit for assistance is not exceeded.

## **Application Process**

An application for rental assistance may be submitted by either an eligible household or by a landlord on behalf of that eligible household. Households and landlords must apply through programs established by grantees. In general, funds will be paid directly to landlords and utility service providers. If a landlord does not wish to

participate, funds may be paid directly to the eligible household. Households and landlords should not submit applications for assistance to Treasury.

## **TRANSPARENCY**

The Department of the Treasury will issue public reports quarterly on the use of funds. The Treasury Office of Inspector General will conduct oversight of the program and may recoup funds from any government that fails to comply with the restrictions on the use of funds.

  2. Indian tribes that opted out of receiving a grant allocation under the Native American Housing Block Grants program formula in fiscal year 2020 must submit completed payment materials not later than 11:59 p.m. EDT on January 26, 2021.

(More information on the Census Functional Status Codes is available at <https://www.census.gov/library/reference/code-lists/functional-status-codes.html>.) Entities with a Functional Status Code of C, active government consolidated with another government with a single set of officials, are excluded as they are duplicative of entities listed with a Functional Status Code of A or B. For example, Denver County, Colorado and Denver city, Colorado have identical populations, but Denver County has a Functional Status Code of C and is excluded from the list. Two exceptions are made for Jacksonville/Duval County, Florida and Indianapolis/Marion County, Indiana, which are consolidated city-county governments, but whose populations differ. For Jacksonville/Duval County and Indianapolis/Marion County, the counties' populations are used to calculate the allocation.
