Administration

MEMORANDUM

To: Pam O'Neil
From: Tricia Bulatao
Date: October 8, 2024
Subject: Product Research on ICS Station from Vericor

Alongside the sole source letter from Vericor, the Albany County Department of Health's Public Health Emergency Preparedness team undertook comprehensive product research, which included:

- Investigating other approved vendors
- Engaging with representatives at the 2023 and 2024 Preparedness Summits
- Conducting an extensive web search for comparable products

Based on our findings, there is no other product on the market that matches the capabilities of the ICS station manufactured by Vericor.

Albany County Department of Health is nationally accredited and meets rigorous public health standards set forth to best meet the needs of our community.
