Justification: (state briefly why legislative action is requested)

The Department of Public Works is requesting adoption of the SEQR determination of no significant environmental impact, for asbestos abatement and demolition of 1538 New Scotland Road in Slingerlands. The project meets the criteria established for SEQR unlisted actions.

The dwelling is a County owned, single family wooden home located in the Slingerlands Historic District. The building is in a state of disrepair and it was determined that it would not be cost effective to rehabilitate the structure. As such, the County has decided to raze the building and use the space as a park alongside the rail trail.

The project was submitted to NYS SHPO for comment. SHPO determined that the building is a non-contributing resource due to numerous alterations and loss of historic integrity and that the project would have no adverse impact on the District.
