Previous requests for Identical or Similar Action:

Resolution/Law Number: Resolution 45 for 2019

Date of Adoption: 2/11/2019

Justification: (state briefly why legislative action is requested)

The Office of the County Executive respectfully requests authorization to enter into an Agreement with Bergmann Associates for the completion of a Countywide Climate Resiliency Plan. Albany County applied for and was awarded \$138,145 by the New York State Department of State (NYSDOS) for the development of a resiliency plan that proactively addresses climate change risks and vulnerabilities associated with increased frequency and severity of storms and other climate threats.

Building off of the County's Hazard Mitigation Plan and Strategic Economic Development Plan, the contractor will identify and analyze the risks posed by climate change to key assets in the County and develop specific strategies and projects that will improve the physical, economic, and social resiliency of the County. Bergmann's proposal demonstrated that they have the experience, capacity, and expertise to successfully complete this plan in a timely and cost-effective manner.
