# AFUND - Civic Center

## Upper Level Seating Replacement

The chairs in the upper level are 25 years old. The lower level seating was replaced in 2010. This plan was originally spread over two years utilizing Facility Fees. Combining the projects into the same year we would realize an approximate savings of \$100,000. Given lead time of the chairs, installation of chairs will begin spring of 2019, purchase of chairs will be in 2018.

<b>New Project:</b>	<b>Existing Projects:</b> 1	<b>Amended Projects:</b>						
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total
County Debt (Bonds & BANS)	3.375							3.375
Total County Cost	3.375	-	-	-	-	-	-	3.375
<b>Management &amp; Budget Recommendation:</b>								

## LED Expansion

Install New LED Fascia to run all the way around the bowl. Move the back lit signs up. The fascia lights will increase the effects of the arena in the bowl and increased square footage could help increase revenues from these signs. Existing LED lights would relocate to the concourse for increased revenue. Back lit signs have been proven and long standing source of revenue and should be relocated and not replaced. Scoreboard modification would be replacing power supplies that are failing and cleaning.

<b>New Project:</b>	<b>Existing Projects:</b>	<b>Amended Projects:</b> 1						
<b>Amended for 2022-2026 due to increased cost of project.</b>								
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total
County Debt (Bonds & BANS)	1.375		2.403					3.778
Total County Cost	1.375	-	2.403	-	-	-	-	3.778
<b>Management &amp; Budget Recommendation:</b>								

## Main Arena Sound System

The intent is to design and install a new sound system. The existing system has been maintained for over 20 years. It has been maintained and still operates, but the sound quality is failing. The components are outdated and difficult to replace. There are few assisted listening devices active. The purchase of over 200 units will be needed to keep up with ADA code.

<b>New Project:</b>	<b>Existing Projects:</b> 1	<b>Amended Projects:</b>						
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total

Total County Cost	0.100	0.850	-	-	-	-	-	0.950
<b>Management &amp; Budget Recommendation:</b>								

## WiFi Network

The wireless network system in the building has been pieced together over the years. The system does not have the capacity for the growing needs of the shows, media and patrons. The wired network has been upgraded. The awards of the NCAA Basketball Championship has put the need of this project to forefront to accommodate National Media needs.

<b>New Project:</b>	<b>Existing Projects:</b> 1	<b>Amended Projects:</b>

Total County Cost	0.826	-	-	-	-	-	-	0.826
<b>Management &amp; Budget Recommendation:</b>								

**Arena Equipment Replacement**

All equipment is at least 15 years old. Replace staging the is old and degrading. Spotlights are in need of frequent repair and replacement parts. Existing barricade lacks step to assist patrons from GA floor. The turnstiles are needed for accurate counts of patrons entering. Forklifts are up in age. The West End curtains will cover the lights in the suites for end stage shows that production often have concerns

<b>Total County Cost</b>	0.597	-	-	-	-	-	-	0.597	

**Management & Budget Recommendation:**

**Replacement of Chiller, BMS Control, Concourse heat/Fan Coil Replacement, Lighting Upgrade**

Comfort Chiller is original to building construction and is past its useful life. The work for this project would also include replacement of motors, pumps, valves and suction diffusers. This work will offer significant energy reduction savings. This project is needed to run the building more efficiently and help accommodate the increased building load of the front atrium enclosure. Building sealing is needed to prevent loss of conditioned air. Concourse heat is needed rather than ambient from arena bowl. Additional BMS controls to automate more systems for energy conservation. Lighting upgrades are to replace high energy consumption bulbs.

<b>New Project:</b>		<b>Existing Projects:</b>			1		<b>Amended Projects:</b>		
Project Financing (in millions of dollars)									
<b>Year</b>	<b>Pre 2021</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>	<b>Total</b>

<b>Total County Cost</b>	0.700	1.250	-	-	-	-	-	1.950	

**Management & Budget Recommendation:**

**Arena Floor, Kitchen Floor, Quad Stairs Refinishing and Atrium door patching**

The main arena floor has sustained several significant gouges. Rebar is showing in several areas. There have been several attempts to patch, but they continue to come out. The kitchen floor has had years of wear and tear. The existing floor covering is coming up in pieces and makes the kitchen look unsanitary. The Quad stairs going to the bathrooms stick out because it sits next to the refinished concourse and bathroom lobby floors.

<b>New Project:</b>		<b>Existing Projects:</b>			1		<b>Amended Projects:</b>		
Project Financing (in millions of dollars)

<b>Total County Cost</b>	0.850	0.850	0.350	-	-	-	-	2.050
<b>Management &amp; Budget Recommendation:</b>								

**Additional Show Power and Transformer Replacement**

Events are getting bigger and their expectations are higher. We have 2000 amps of show power. Shows often require more and they need to bring in a generator. This may make the building less desirable to put a show in than the next arena. There is available power in our switchgear, but work is needed to extend it and make it available. There are also several transformers that are over 20 years old and should be replaced before they fail.

<b>New Project:</b>		<b>Existing Projects:</b>			<b>Amended Projects:</b> 1			
<b>Amended for 2022-2026 - to increase cost.</b>								
Project Financing (in millions of dollars)								
<b>Year</b>	<b>Pre 2021</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>	<b>Total</b>

<b>Total County Cost</b>	-	0.308	-	-	-	-	-	0.308
<b>Management &amp; Budget Recommendation:</b>								

**East Side Stairwell Enclosure**

The stairwells on the East side of the arena has been unsightly due to being unable to keep wildlife out. There have been multiple attempts by several means with no success. Enclosing these stairwells will allow us to keep animals out. It will also provide an extra level of security and utility savings to the adjacent area. There are multiple railings that are determined due to street salt and weather damage. There are various con-crete steps / facades that need reconstruction or replacing around the entire property. The concrete and railing replacement / design are anticipated to start in 2021.

## AFUND - General Services

### Albany County Office Building Renovations

This project provides for the renovation of the Harold L. Joyce Albany County Office Building. The project includes a new roof, HVAC and electrical systems, ADA compliance, elevator modernization and various interior and exterior upgrades. This project began in the Fall of 2002 and is estimated to be complete in 2023. The project has a useful life of 20 to 30 years.

<b>New Project:</b>	<b>Existing Projects:</b> 1	<b>Amended Projects:</b>						
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total

Total County Cost	19.734	0.750	0.500	0.500	-	-	-	21.484
<b>Management &amp; Budget Recommendation:</b>								

### Facility Improvement Project

As part of a continuing program to maintain existing facilities, this project consists of interior painting, carpeting, HVAC modifications, departmental relocation costs, design fees, construction fit-up costs (retrofit / office buildout), moving expenses and the installation of energy management systems at various facilities. Also included are expenses for Times Union Center garage and Spruce Street garage from 2016.

<b>New Project:</b>	<b>Existing Projects:</b>	<b>Amended Projects:</b> 1						
<b>Project Amended in 2022-2026 plan - to reduce total costs.</b>								
Project Financing (in millions of dollars)

<b>Management &amp; Budget Recommendation:</b>								

### County-wide Facilities Evaluation

Many of the County's facilities are aged and would benefit from a structural and engineering evaluation. The proposed evaluation will allow the County to make the best use of it's resources. This project will include evaluation and engineering fees starting in 2015, with any construction beginning in the out years.

<b>New Project:</b>	<b>Existing Projects:</b> 1	<b>Amended Projects:</b>						
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total

Total County Cost	1.000	0.350	-	-	-	-	-	1.350
<b>Management &amp; Budget Recommendation:</b>								

<b>Energy Systems Upgrade</b>								
The purpose of this project is to upgrade the energy systems throughout the various County properties. Our energy systems have outlived their useful life (or are close to) and the repair costs are increasing. The completed changes will make our many structures more efficient and lower the overall operating costs. This project could also include solar systems, where feasible, along with other cost saving measures in the properties and continue to be more economical going forward.								
<b>New Project:</b>			<b>Existing Projects:</b> 1			<b>Amended Projects:</b>		
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total

Total County Cost	1.075	0.525	0.500	0.500	-	-	-	2.600
<b>Management &amp; Budget Recommendation:</b>								

<b>Office Modernization &amp; Relocation</b>								
The project will address the long term renovation of various County owned properties, including but not limited to DMV, Probation, BOE, & Shaker Place, that require updating prior to the relocation of various departments. Improvements will include various upgrades such as mechanical, HVAC, chillers, electrical, roofs (when necessary), painting & carpeting, moving costs, and energy management systems. Initial expenses will be essentially centered in structural & engineering evaluations.								
<b>New Project:</b>			<b>Existing Projects:</b>			<b>Amended Projects:</b> 1		
Project Financing (in millions of dollars)								
Year	Pre 2021	2021	2022	2023	2024	2025	2026	Total

Total County Cost	-	0.500	2.500	-	-	-	-	3.000
<b>Management &amp; Budget Recommendation:</b>								

<b>Youth Facility Renovation &amp; Upgrade</b>								
The State of New York has stipulated that Albany County modify / renovate their youth facilities to be more conducive to both the age & sex of the child. Therefore, we must address revamping our facilities at DCYF as well as Family Court to comply. Initial cost estimates of this NYS reimbursable project are \$6.2 million. The scope of the makeover project shall include, but are not limited to, design fees, HVAC modification, renovation and fitup of viewing rooms & common areas, electrical, plumbing & bathroom facilities, painting & carpeting as well as furniture & fixtures. Reimbursement from NYS will be long term, most likely over a 20 year period.

Total County Cost	6.200	(0.310)	(0.310)	(0.310)	(0.310)	-	-	4.960
<b>Management &amp; Budget Recommendation:</b>								

<b>Building Renovations at 175 Green St. &amp; 240,250 &amp; 260 S Pearl St</b>								
As part of our continuing program to maintain existing facilities, this project addresses the building renovations at our structures located at 175 Green St., 240, 250 & 260 S. Pearl St. Improvements will primarily focus on HVAC, mechanicals, generators & energy management systems, construction fit-up costs (retro fit /office build out), design fees, office moving & relocation fees, painting & carpeting, the parking lot (paving & striping), and fencing. We anticipate this project to be completed in three to four years.

<b>911 Communication's Center &amp; Emergency Management Relocation and Upgrade</b>								
Relocation, renovation and modification to existing space and structure, together with new construction, located at the Albany County Nursing Home, primarily the Shaker Wing located at 780 Albany Shaker Road in Albany. This project would include design, demolition, construction modifications, relocation and installation of existing communications equipment as well as the purchase of additional communications equipment which would maximize space and upgrade technology. This would afford the sheriff's office the ability to provide additional and enhanced services to the citizens of Albany County and allow for future growth and consolidation efforts.								
CONTINUATION OF THE RELOCATION, RENOVATION AND MODIFICATION OF EXISTING SPACE AND STRUCTURE AT THE CLARKSVILLE PUBLIC SAFETY BUILDING. THIS PROJECT INCLUDES DESIGN, DEMOLITION, CONSTRUCTION MODIFICATIONS, RELOCATION AND INSTALLATION OF EXISTING COMMUNICATIONS EQUIPMENT AS WELL AS THE PURCHASE OF ADDITIONAL COMMUNICATIONS EQUIPMENT. UPON COMPLETION, THIS PROJECT WOULD ALLOW FOR THE COMPLETE RELOCATION OF OUR E-911 DEPARTMENT.								
<b>New Project:</b>			<b>Existing Projects:</b>			<b>Amended Projects:</b>		
						1		
<b>Amendment:</b> The 911 Center will be relocated to the Clarksville Public Safety Building building and not Shaker Place Rehabilitation & Nursing Center. No fiscal changes are being made at this time.

## DFUND - Public Works

<b>CR 157, SR 155 Watervliet-Shaker Road (New Karner Road to Sand Creek Road) [Airport Area FGEIS]</b>									
This project is Phase 3 of the Watervliet-Shaker Road Realignment Project. The section of Watervliet-Shaker Road (WSR) included in this project extends from New Karner Rd. to Sand Creek Rd. The project includes reconstruction and widening of approximately 0.75 miles of CR157 which could include the addition of a center or two additional lanes (depending on traffic study outcome), a new traffic signal at the intersection of New Karner Rd. and WSR, drainage improvements and new pavement. This last phase will complete the Albany-Shaker Rd/WSR Airport Improvement Project started in 2001.									
<b>New Project:</b>			<b>Existing Projects:</b>			<b>Amended Projects:</b>			1
<b>Project amended for 2022-2026</b> - The project was amended to reflect an updated construction cost and completed SEQR.

<b>CR 9 (Bradt Hollow Road) Over Fox Creek Bridge Replacement Project</b>									
Replacement of a 156 ft. long x 32ft. wide, 3 span pre stressed concrete box beam bridge over Fox Creek in the Town of Berne. The bridge was built in 1985, and its NYS DOT rating is currently at the minimum acceptable level. The NYS DOT rating is expected to decrease despite continued maintenance and repairs. The bridge is currently been reduced in lane width due to deteriorated fascia beams.

<b>Traffic Sign Compliance Project</b>								
This project will ensure that the County of Albany complies with Federal and State regulations contained in the national Manual on Uniform Traffic Control Devices and the New York State Supplement to the Manual on Uniform Traffic Control Devices, primarily regarding traffic sign retro reflectivity (night-time visibility). All regulatory, warning and guide signs other than street name signs must meet minimum requirements for retro reflectivity as they are replaced. There are close to 8,000 signs on County roadways, in various conditions.

<b>HHRT Bridge over State RTE 85</b>								
Replacement of the existing HHRT Bridge (BIN 7032650) over New Scotland Road (State RTE 85) with a pedestrian structure. The existing girder and floorbeam structure was built approximately in 1912. It is located in the Town of Bethlehem. The bridge is not currently posted as it is used for pedestrian traffic only, however advanced section loss in the many of the steel columns combined with severe impact distortion to two columns makes this bridge a candidate for replacement. The bridge also has substandard vertical clearance of 12'-2", 14' is the required minimum.

<b>Construction New Garage Buildings with Office Space for Various Subdivisions</b>								
This project will construct new garages and office space at our Knox and Coeymans subdivisions. The ex-isting structures are beyond their useful life. The new structures will be large enough to house our plow trucks and heavy equipment and will save on future energy costs. Deficiencies noted in the "Department of Public Works Facility Assessment" report by C&S Companies in 2016, noted extensive structural, mechanical, and electrical system upgrades are needed at both locations. The existing structures, are undersized and deteriorated to the point that rehabilitation is not cost effective.

<b>Various Bridge Deck Replacements</b>								
This project will replace the deteriorated wooden bridge decks on three Ohio Truss Structures in the Town of New Scotland. The bridges are as follows: BIN 3301340 - Old Plank Rd. over Onesquethaw Creek, BIN 3301310 - Onesquethaw Creek Rd. over Onesquethaw Creek and BIN 3301300- Rowe Rd. over Onesquethaw Creek. The existing bridge dimensions are as follows: L 65' W 12', L 47' W 14' and L 68' W 12' respectively. Minor work will be done on approaches, railings bearings and substructures.

## GFUND - Water Purification District

### Anaerobic Digestion of Bio-solids / Regional Biosolids Facility

To design, construct and operate a regional anaerobic digester to energy facility to replace existing ultimate disposal method of sewage sludge at the North plant with related improvements at the South plant. The facility will also be a regional source separated organic (SSO) facility with shared construction, operation and maintenance costs with the Saratoga County Sewer District. This project will replace aging equipment, generate electricity and provide a regional disposal location for SSO's to remove organic waste from landfills. This project would be a major "green" initiative and beneficially use renewable energy resources. This could also be a public / private partnership facility. This project, in 2018, was previously amended to consider consolidation of solids handling operations of both the North, South plants and Saratoga WWTP biosolids and locating it at the North plant providing the greatest economic benefit for the rate payers.

Project is suspended to evaluate other alternatives.

To design, construct and operate a regional anaerobic digester facility at the North Plant with related improvements at the South Plant in order to replace existing sewage sludge incinerators at both North and South plants. The facility will also be a regional facility with shared construction, operation and maintenance costs with the Saratoga County Sewer District. This project was amended in 2020 to include a sludge dryer to mitigate sludge disposal cost escalations due to PFAS concerns and to eliminate onsite electric generation to keep the project cost down.

<b>New Project:</b>	<b>Existing Projects:</b>	<b>Amended Projects:</b>	1

### South Plant Preliminary Treatment Building Rebuild Project

The South plant was constructed in the early 1970's with much of the facility built on pilings. The Preliminary Treatment building, though built on bedrock, has shifted horizontally causing two major cracks in two walls supporting the concrete roof panels each weighing over 2,000 lbs. The District will perform an engineering evaluation to determine what step need to be taken to rebuild the building.

Amended for 2020-2024 - changed funding sources.

**Management & Budget Recommendation:**

<b>Clarifier Upgrade Project</b>								
Project to include the study, design, and construction of improvements to the existing primary and secondary clarifiers at both the North and South treatment plants. The clarifiers are required for the removal of solids and are a critical process for meeting permit compliance. The majority of the clarifiers mechanical systems are original to both facilities and at the end of their useful life.

## NHFUND - Nursing Home

<b>Albany County Nursing Common Areas Renovations</b>								
The modernization of common areas. This would include remodeling the main bathrooms and showers to a functional level. Modernizing outer restrooms to a more appealing look and increased functionality. Replacing tables, chairs and wall coverings in common areas and to a more up to date style. Also, the remodeling of an area to an ADL (Activities of Daily Living) apartment for increased therapy billings.

<b>Fire System and Kronos Workforce Management Upgrades</b>								
A Fire Alarm system, in working order, is required for the nursing home. The current system has many components that have reached the end of their useful lives. A modification to our existing system to a more modern one is necessary. This upgrade coincides with current capital projects that are involved in the renovation plan at the Nursing Home. This will also upgrade the system to current NFPA Standards of compliance.

**Albany County Nursing Home Elevator Modernization**

The Nursing Home elevators are original to the facility and date back to the early 1970's when the building was first constructed. The mechanical system has reached the end of its useful life and are in need of major improvements to comply with current Department of Health regulations. Due to the age of the mechanical systems, frequent downtime of the elevators occur. The modernization will include updating the cars and the mechanical system to a compliant and reliable elevator system.

<b>Management &amp; Budget Recommendation:</b>								

**Renovation and Reconfiguration of North Wing (D, E & F)**

Currently our resident wings D, E and F are 40 bed units and we are utilizing wing E only for residents and D and F for storage. Since all the units connect to one common area one of the three units would have no revenue value. Therefore, we are proposing to use all units for residents and through renovation increase our private rooms. The compliment would be 30 residents per unit, 8 double bedded rooms and 14 private.

**Albany County Nursing Home Energy Upgrades**

An Investment Grade Audit has been conducted by consultants retained by Albany County for the Albany County Nursing Home. This audit yielded considerable recommendations to improve the energy efficiency and the overall attractiveness of the facility. The plan includes lighting improvements, water conservation measures, improvement to the envelope of the building (windows, doors, insulation, etc.) a variety of HVAC measures and an overhaul of the kitchen. These improvements will be paid for in part by the NYSDOH Medicaid capital reimbursement methodology, lower energy costs and the possibility of NYS Energy Savings Programs. The total project cost is approximately \$11 million and is part of the 2015 and 2016 Capital Plan, commencing in 2016. Reso 18-310 An Investment Grade Audit was conducted in 2016 to determine the Energy Efficiencies. The plan included lighting improvements, water conservation measures, improvement to the envelope of the building, a variety of HVAC upgrades and an overhaul of the kitchen. Since that audit a architectural consultant and an energy efficiency expert was retained to validate the findings and issue a revised program. It was determine that upgrades or replacement of windows, boilers, HVAC, lighting, kitchen equipment, refrigerators, generators, insulation, doors, outdoor surfaces, alternative energy, circulating pipes and water conservation systems and or the purchase of new equipment were required. These energy efficiencies were incorporated into our NYSDOH CON and approved as part of the renovation and new construction project.

<b>Management &amp; Budget Recommendation:</b>								

**Albany County Nursing Home New Construction Project**

The purpose of this project is to add an addition to the existing nursing home with approximately 125 new conforming beds, ancillary areas, resident dining and activity rooms, handicapped bathrooms and country style kitchens. This addition will be located on the same site as the existing nursing home. This project will require NYSDOH approval, architectural and engineering with drawings, land studies, surveys, subcontracting, construction management and will permit the current capital plan to be implemented that has been approved and funded by Albany County and the Legislature, however, this initiative will require additional funding. This construction project will require modifications to the existing high rise some mandated and others to accommodate alternate uses, since this part of the facility after the new construction will not be used by the nursing residents. This construction /renovation including the cost of architect, construction manager, sub-contractors, HVAC, moveable equipment and non-moveable equipment under the NYSDOH capital expenditure regulations is considered reimbursable through our Medicaid Rate. A Certificate of Need application will be filed with the NYSDOH. Reso 18-310 The purpose of this project is to add an addition to the existing nursing home with approximately 125 new conforming beds, ancillary areas, resident dining and activity rooms, handicapped bathrooms and country style kitchens. By creating this new facility that will be attached to the current nursing home we will meet the NYSDOH and ADA requirements. It has been determined that remediation of the Albany County Nursing Home is required. To perform this remediation which is outside of the original new construction and renovation project it will be necessary to remove in the existing nursing home all the of walls, partitions, showers, sinks and toilets. Through discussion with the New York State Department of Health they agreed since all resident rooms will be gutted that this new construction should be made handicap accessible and we agreed. This redesign will include the reconfiguration to accommodate a new medical record department with appropriate protected storage and a ADA staff bathing and locker facilities.

**Albany County Nursing Home Vehicle Replacement**

Albany County Nursing Home is in need of replacing our current vehicle fleet. The vehicles have been in service for over 15 years without replacement and are at end of life. It is our plan to replace the entire fleet over the next 2 years.

**Shaker Place Garage and Parking Lot Extension**

To construct a new garage to house the vehicles of Shaker Place Rehabilitation and Nursing Center and to create additional parking facilities across the street at the current DPW worksite. These projects will require the demolish-ing of buildings on the Shaker Place property and DPW. The garage will include appropriate climate equipment, offices, storage compartments and the roadway to the location will require site work, paving, electric and plumb-ing.
