LISA M. RAMUNDO
COMMISSIONER

SCOTT D. DUNCAN
DEPUTY COMMISSIONER

December 30, 2019

Hon. Andrew Joyce, Chairman
Albany County Legislature
112 State Street, Rm. 710
Albany, NY 12207

Dear Chairman Joyce:

The Albany County Department of Public Works is requesting the Legislature adopt the determination under SEQR that the Albany County Rail Trail Bridge over New Scotland Road project will not have a significant impact on the environment.

Replacement of the bridge was determined to be a Type I Action under SEQRA 617.4(b)(9). As such, the County took steps to establish lead agency, coordinate a review with involved agencies and conduct a series of public outreach meetings to get feedback on design alternatives. Once bridge replacement was selected by the County as the preferred alternative, Part II and III of the Environmental Assessment Form were completed. Following this review, it has been determined that the project, as proposed, will not have a significant impact on the environment.

If you have any questions or require additional information, please feel free to contact my office.

Sincerely,

Lisa M. Ramundo
Commissioner
